MMR crews assist Hurricane Katrina survivors

(Editor's note: Mobile Medical Response employees, including crews from Grayling, have been assisting Hurricane Katrina victims in Texas. Following is an article written by Dr. Kevin Tishkowski, MMR's medical director, detailing the emergency personnel's activities.)

On Saturday afternoon, September 24, I arrived with the MMR crew in Marshall, Texas. Neither hurricane winds nor rain nor heat nor gloom of night stays these couriers from the swift completion of their appointed rounds. After a brief stop in Marshall, we were called from the State Emergency Operation Center (EOC) with disheartening words: the tornado-packed Hurricane Rita was heading our way. We were told to move east and quickly drove on a deserted highway to the city of Tyler, then down to Woodville where the storm had just passed.

Once in Woodville, we were staged at a power stricken high school with a handful of sick patients and a dark gym full of hungry and disheveled citizens. Two of our immediately encountered patients would need to transfer to a higher level of care (any medical facility would have been an upgrade from the shadowy gymnasium floor). After a

subsequent call to the EOC, we were informed that the next closest open facility was 90 miles away and that transport out of Woodville would be difficult due to downed trees over roads and high winds. "Try to keep them alive until the morning and we will get to you," we were told!

The MMR employees went to work, never doubting their abilities or questioning their tasks. It was soon dark with no power except for a single light powered by a generator. As the eeriness of the situation set in, we were approached by a local ambulance crew who had just brought a patient to us involved in a motor vehicle accident. His head was lacerated and his shirt fairly saturated with blood.

Since we did not have the ability to suture his scalp, we sought supplies from the local Tyler County Hospital Emergency Department. Escorted by Sergeant Kain from the Texas State Police, we were able to use the emergency department's resources to aid this injured individual.

Veni, Vidi, Vici
We came, we saw, we conquered. After weighing the gravity of illnesses during the night versus our medical capabilities

Nature Center planned

by Dan Sanderson
Staff Writer

The former Crawford County Library will become a place where people learn about nature.

The Grayling City Council approved plans to develop a nature center in the top portion of the former library building.

The city received a \$465,000 Michigan Department of Natural Resources recreation grant to help spruce up the city park last year. Part of the plans include installing rest rooms for park users in the library and redeveloping the building.

A handful of uses have been proposed for the building, including using it as a community education center and as a museum for the Michigan Museum of Military Transport, a group which collects vintage military vehicles.

Grayling City Mahager Allen Lowe said DNR officials would not allow the city to spend grant funds to develop a museum, but would agree to let the grant pay to develop a center that promoted the natural resources and outdoor activities.

Although no firm plans have been made, Lowe said that the nature center would likely include displays on the AuSable

Grayling Steam Special slated for this weekend

by Dan Sanderson
Staff Writer

Crawford County Historical Society officials are hoping that the steam engine which inspired a movie about a boy's renewed faith in the Christmas spirit will help bring new life to the Crawford County Museum.

The Crawford County Historical Society in conjunction with the Steam Railroad Institute and the Bluewater Michigan Chapter of the National Railway Historical Society is presenting the Grayling Steam Special on Saturday and Sunday.

The Grayling Steam Special will include a nostalgic celebration of the railroad and steam engines, including a pair of excursions between Kawkawlin and Grayling featuring the famed Pere Marquette Steam Locomotive #1225.

The #1225 was one of 39 steam locomotives commissioned to shuttle steel and wartime freight to and from Detroit, Saginaw, Flint and northern Indiana steel mills during World War II. Built in 1941, the Pere Marquette #1225 was among the last steam engines ever ordered by the Pere Marquette Railroad.

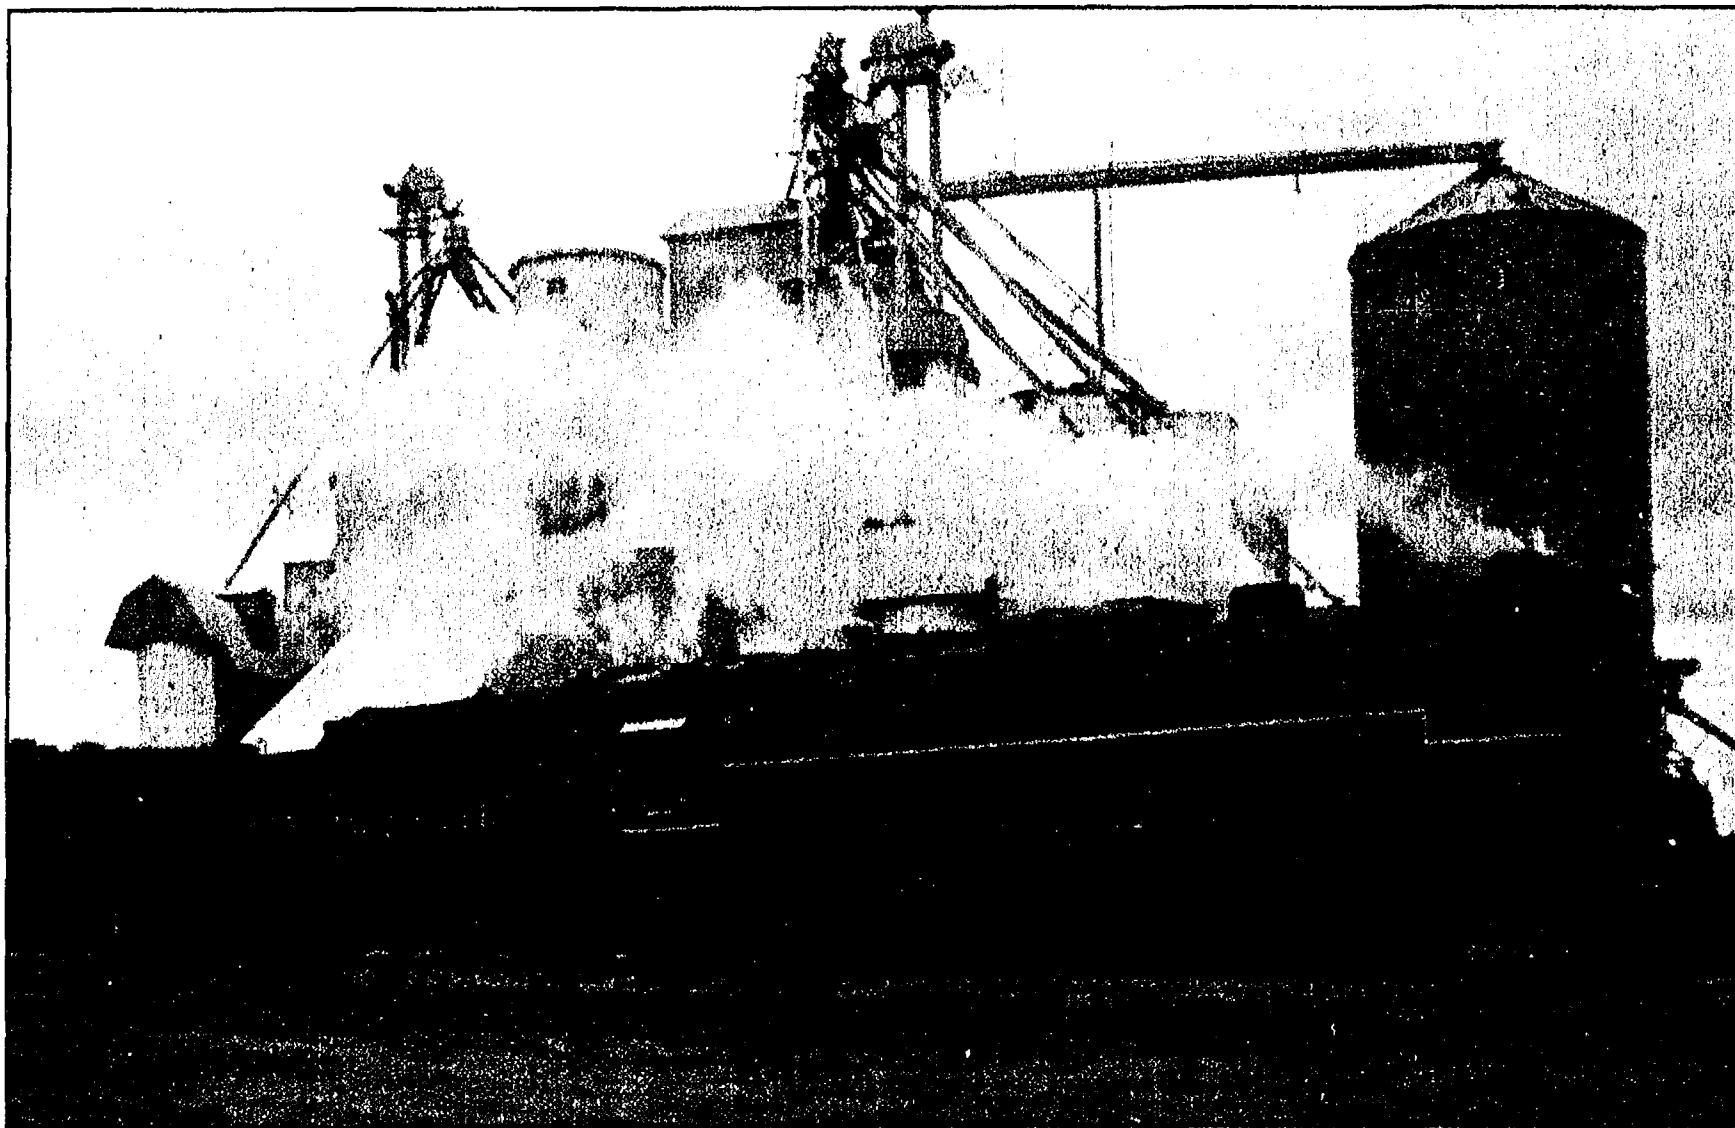

Upon the invention of more efficient diesel powered engines, the Pere Marquette was retired 10 years after its debut and was destined to be scrapped. A group of Michigan State University students purchased the steam engine in hopes of getting it running again. College officials eventually forced students to sell the steam engine because they considered it to be an eyesore.

The Pere Marquette #1225 served the inspiration for "The Polar Express," a holiday movie starring Tom Hanks about a boy whose faith in Christmas is renewed by an imaginary trip to the North Pole.

Kay Cosgray, president of the Crawford County Historical Society, said she first approached the Steam Railroad Institute earlier this year in hopes of bringing the train to Grayling, but the cost was too prohibitive.

"The cost was way too much for us to bear, and we didn't see where we would ever recoup the money," Cosgray said.

Steam Railroad Institute officials then told Cosgray of the Bluewater Michigan Chapter of the National Railway Historical Society's plans to have fall

Built in 1941, the Pere Marquette #1225 was among the last steam engines ever ordered by the Pere Marquette Railroad.

color tours in the region, and the Grayling Steam Special came to life.

About 800 people will ride vintage cars pulled by the steam

engine, and between 2,000 and 3,000 people are expected to follow the train.

"People are coming from all over the United States to ride

this train in Grayling," Cosgray said. "There is a lot of history on the rails running through Grayling, and we want to help preserve the memories of the

railroad and make people aware of the importance it played throughout the whole state of Michigan.

Nature Center planned

Continued from Page 1A
River, canoeing, trout fishing and the timber industry.

The DNR grant funds had been earmarked to pay for needed rest rooms, parking spaces and a handicapped accessible pedestrian bridge over the AuSable River. A fishing pier, which will give fly fishermen and anglers access to the river and control erosion problems, and a canoe launch, which would open up the backwaters of the AuSable River, are also planned for in the grant.

Lowe said the city's parks and recreation committee will be charged with developing plans for the nature center.

Work on the building will be done next spring.

Lowe added that the city council felt the city should retain ownership of the former library rather than selling the building to

Photo by Dan Sanderson

another entity.

"There is just not enough places where you can get to the

river and they did not want to take away another place that is open to the public," he said.

Victims to receive justice

On Sept. 16, The COOR Coalition Against Domestic and Sexual Violence hosted a round table discussion on handling domestic violence cases in the court system. Judge Thomas Phillips, Erin House, special assistant attorney general, Noelle Moeggenberg, assistant prosecutor, Robert Brown, Probation Department and Jo Bullis, Program Director, Women's Resource Center, all from Traverse City, and Judge Hunter, Crawford County Family Court Judge, sat on the afternoon panel. Other important figures in attendance were Judge Sutton, Judge Noel, Judge Dosson, Mark Jernigan, Roscommon County prosecutor, and LaDonna Schultz and Mark Williams, Ogemaw County prosecutors. Joel Sheltroun, 103rd District House Representative, also attended some of the discussion and toured River House shelter on September 30.

Joel Sheltroun, 103rd District House Representative (L) toured the River House facilities with Rhoda Hacker, Director of River House during the round table discussions, held in September, on handling domestic violence cases.

The Round Table Discussion centered around the pros and cons of developing a fast track system for domestic violence cases whereby one prosecutor handles all domestic violence

cases. Crawford County has been assigned a special prosecutor and will be working with River House and the Domestic Violence Prevention and Treatment Board to implement the program.

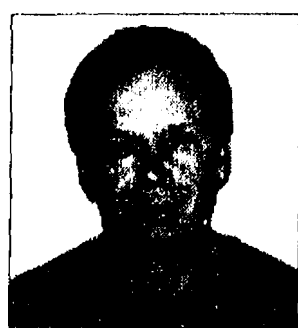

"This is an exciting time for Crawford County," says Rhoda Hacker, Director for River House. "Because domestic violence is such a complicated issue, going through the court process often requires extra attention to consistently ensure that victims receive justice and batterers are held accountable."

The COOR Coalition will also be working with Roscommon, Ogemaw and Oscoda Counties to bring a special prosecutor to their court systems.

October is Domestic Violence Awareness Month. For additional information, please contact River House, Inc. at 989-348-3169 or visit their website at www.riverhouseshelter.org.

Frederic Fire Department to receive operations grant

The Frederic Township Fire Department will receive a federal grant to support fire department operations.

The Department of Homeland Security awarded the fire department a \$31,383 Operations and Safety grant.

The Department of Homeland Security last week announced 145 grants to fire departments throughout the United States in the eighth round of the Fiscal Year 2005 Assistance to Firefighters Grant Program (AFGP). The AFGP program will issue approximately 5,500

awards worth \$600 million in direct assistance to firefighters and first responders throughout the country, demonstrating Homeland Security's commitment to ensuring that America's firefighters have the resources they need to protect their communities.

"We recognize the importance of the Fire Act Grants to our Nation's fire departments and we will continue to work closely with the fire service community to meet their needs," said Matt Mayer, acting executive director of the Office for State and Local

Government Coordination & Preparedness (SLGCP).

This grants provides more than \$14 million to help local fire departments and emergency medical services organizations purchase or receive training, first responder health and safety programs, equipment and response vehicles.

The is administered by the Department's Office for SLGCP in cooperation with the Department's United States Fire Administration.

"As we continue to support firefighters across the nation

through the AFGP, we commend those on the frontlines responding to Hurricane Katrina. With these funds, we ensure our nation's firefighters have the basic capabilities to save lives and protect communities across America," said Charlie Dickinson, deputy administrator of the Department of Homeland Security's United States Fire Administration (USFA).

SLGCP is the principal Federal agency responsible for the preparedness of the United States for acts of terrorism, including coordinating preparedness efforts at the Federal level, and working with all State, local, tribal, parish, and private sector emergency response providers on all matters pertaining to combating terrorism, including training, exercises, and equipment support. To support this mission, SLGCP administers a number of programs that provide a wide array of support to our nation's emergency preparedness and response community.

The USFA is a division of the Federal Emergency Management Agency (FEMA) within the Department of Homeland Security. The mission of the USFA is to reduce life and economic losses due to fire and related emergencies, through leadership, advocacy, coordination, and support.

MMR crews assist Hurricane Katrina survivors

Continued from Page 1A

in the gymnasium, it was apparent that we needed the ER opened at Tyler County Hospital. In the hours to follow and with the assistance of Tyler County Judge Jerome Owens and Woodville Mayor Jimmie Ruth who presented a court order to the hospital's emergency department, we were able to reopen the boarded-up ER. Although our MMR crew was now split between the Woodville high school gymnasium and the now-open ER, we were able to reestablish patient transport to outer facilities both by ground and air. The hospital's helipad was cleared of debris and its coordinates triangulated for air evacuation of sick patients. Over the next 14 hours, this newly reinstated ER would see approximately 70 patients from the Woodville community with several sick and injured patients being transferred to outlying serviceable medical facilities throughout the night. It was evident to all involved that this ER needed to be opened that night and MMR made it happen.

In the high school, the MMR team managed the sick and injured until ground evacuation was reinstituted. Although the local citizens remained in the gym for several days, several MMR employees were able to establish a regular food service by using provisions from the high school cafeteria. For the next day, food and water were not a concern for those local citizens stranded in the gym.

Walking With Destiny

It seemed to me that every medical, social and political challenge that the MMR crew experienced during those first days in Texas was destiny. All of

Mobile Medical Response employees, including crews from Grayling, have been assisting Hurricane Katrina victims in Texas.

our past training and life's experiences had been but a preparation for those trials. During this recovery effort, everything in Woodville happened as it should. As I would sit back and watch the MMR crews at work with little sleep, I could take little credit for these efforts - it was the team, collectively, that spun this thread of divine perfection.

Although the EMS assignments have changed in Texas several times over the past week, Team MMR continues to positively impact the operations at the local and state levels. We have fostered extensive relationships with the Texas State EOC. Kris Armstrong continues to lead the Michigan contingent of ambulance services. MMR's

John Kustuch was appointed as the Houston EOC Dispatch Commander. John is now in charge of the dispatching and the operations of approximately 300 ambulances being deployed in the Houston-Beaumont area.

The team as a whole continues to offer relief to local EMS groups by answering 911 calls. They are also involved in the "re-patronization" of patients back into their hometown hospitals, and nursing homes.

October is:

adopt a shelter dog Month

The Animal Shelter of Crawford County took in about 400 dogs last year and the numbers are on the same track for 2005. Most dogs come to the shelter after being found out on the road by concerned citizens or the Animal Control Officer. Sadly, they are not wearing ID tags and the majority are never claimed by their owners. Won't you consider opening your home and heart to one of these fine canines? They all deserve another chance. Come and meet them all today!

ZIGMUND

is an older chocolate Labrador Retriever, and a very nice fellow!

SQUIRT

is a older Pomeranian mix, still full of fun!

ADOPTED!

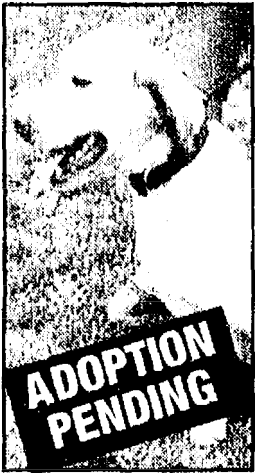

RILEY

is a Rottweiler, 8 to 10 months old. A happy guy who loves to be your shadow.

DUDLEY

is a black Labrador Retriever, 2-3 years old and loves to play fetch!

ADOPTION PENDING

ABBY

is a Labrador Retriever, about 2 years old. Very nice girl!

LEWIS

is an Australian cattle dog, 1 or 2 years old and very active.

STANLEY

is a young cattle dog/husky mix, full of energy!

BOB JR.

is a Lab/Chow mix about 2 years old. Very nice dog. Gets along well with other dogs.

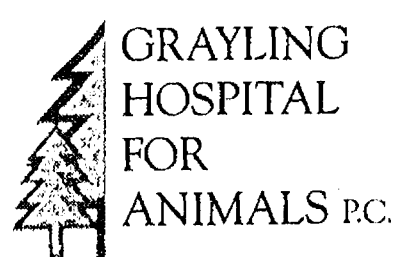

ROYAL

is a black Labrador Retriever, about a year old. Just wants to be loved.

THEO

is an Australian Cattle dog, about 1 or 2 years old. He has the potential to be a Frisbee champ!

ISSUES AND OPINIONS

ALMANACK

by Richard L. Milliman

State Chamber seeks term limits tinkering

ONE OF MICHIGAN'S most active political organizations is floating a suggestion that Michigan citizens should consider tinkering with term limits for the legislature.

The Michigan Chamber of Commerce has been bothered by legislative term limits, which Michigan voters wrote into the state constitution in 1992.

The politically active Chamber, which almost always tilts to the Republican side of the political spectrum, has been anti-term limits for the legislature almost from the outset.

Its leaders claim the six-year limit in the state house and the eight-year limit in the senate are way too short for the most effective government.

Complaints have been minimal about the two-term limits for governor, lieutenant governor, secretary of state and attorney general which voters also approved in 1992.

Supreme court justices are limited in their office tenure, too; they cannot run for another term after reaching the age of 70, but still can serve out existing terms. No significant objections have arisen

over that rather questionable limitation on judges.

LEGISLATIVE LIMITS have been quite another matter.

A six-year limit on house terms guarantees constant turnover, while an eight-year limit in the senate adds a touch of continuity but not enough to counter the brief house terms.

In practice, many house members move on to the senate for a maximum of 14 years of possible legislative service. Similar longevity is possible from senate to house, but few term-limited senators so far have chosen that route to political survival.

For the Chamber of Commerce and most other close observers of Lansing lawmaking, this constant swirl of new faces and new ideas is seen as a threatening disadvantage to good government. Critics claim lack of experience, diminished leadership, loss of institutional memory and historical perspective, and constant struggles for political survival combine to hinder effectiveness.

However, to those who pushed for

term limits in the first place — and to many observers and voters beyond the closely-knit capital community — turnover is seen as a key asset to popular and responsive control of lawmaking, by lessening influence of entrenched special interests and feeding constant new blood into the process.

MOST POLLING since 1992 has indicated voters like term limits just fine, which is why the current Chamber of Commerce proposal adds several wrinkles to make term limits more acceptable to its standards.

The Chamber proposal would permit 14 years of total experience in either house or senate, or combination of both, as at present. But 14 years in a single chamber would allow legislators to build expertise in a chosen field, which often is lacking now.

The proposal also would permit docking legislators' pay for missed meetings, ban legislators from lobbying for two years after leaving office, require financial disclosure by legislators, and require a public hearing and 10-day review

before any tax law can be adopted.

These added fillips are talking points designed to encourage approval of the package. They all seem to make sense, but is the constitution the right place for them?

PERSONAL VIEW — The Chamber of Commerce describes its efforts as "a kind of legislative reform." Others have called it "a step in the right direction." It may be both, but more likely it's neither.

It's a very timid move. If the problem is as great as anti-term limit folk describe it, bolder steps are required.

Another project possibly headed for the 2006 ballot — if enough signatures can be collected — is a grass roots drive for a unicameral legislature by eliminating the state senate. That may be too drastic.

As an early and continuing supporter of term limits, I agree the transition from no-limit to six and eight year limits has been traumatic. But two basic assumptions by critics just don't hold water.

One is that newly elected legislators are not able to grasp the system within

six or eight years. False. Most new members are intelligent and well versed in local government, business or professional success, or both. They can learn quickly and understand. Many have earlier legislative staff experience.

The second is that legislators created by term limits suddenly become politically craven, putting all else aside to build their base and their treasury for higher political office. False. In elective politics, opportunism is universal and eternal. It didn't start with term limits.

The solution to the whole lawmaking dilemma, in my view, is a part time legislature, with removal of the careerism long associated with state lawmaking — do away with such things as large salaries, pensions, life-long health care, bulging staffs and offices, and other perks. I might even trade term limits for that scenario.

Anybody have petitions going for those real reforms?

Richard Milliman is a veteran newspaperman, and a contributing columnist to several Michigan newspapers.

EDITOR

Property owner asking for respect of private property

To the editor:

There are people in this community that think they know more about our property that we do. We would like to clear up any questions they may have.

We live on Jones Lake Rd., next to what is commonly known as the tank trail. We have lived here for many years and have known for some time that the tank trail crosses the corner of our property. We have tried over the years to resolve this issue. Recently, we were told by a DNR forester that it definitely was on our property and that we should do something about it because of liability issues. She contacted the State of Michigan and the military. We have been in contact with the military and are currently working to resolve

the issue.

The "issue" would never have been an issue, had it not been for a few people that felt they had the right to do whatever they wanted to do on our property.

To these people, I'd like to offer a solution. Any time of the day or night, we have the right to come on to your property. We can come in whatever vehicle we choose, drive in whatever manner we choose and destroy whatever we choose. We can mace your dog, should it bother us. We can yell profanities and in general, act obnoxious.

If that works for you, let us know, if not, please respect our private property.

David and Kathy Piehl
Grayling

The garage wall will be finished

To the editor:

We apologize to the citizens of the City and Township of Grayling and passersby for our unfinished garage wall. We know that it looks tacky with the remains of a scaffold hanging from the wall. Four times during the past sixteen months our contractors have tried to get the job done, and four times a neighbor has stopped them from working.

Our garage was built long ago and grandfathered under current Grayling Township ordinances. When constructed there was apparently no garage building set back, and the garage was built about 24 inches from the mutual property line.

Grayling Township has no fence set-back ordinances governing fences installed between residential properties. Our neighbor installed a fence exactly on the mutual property line, and then claimed our contractors' elbows got into his air space above the fence.

We believe that one neighbor does not control the air space over a mutual property line. We also believe the neighbor's fence as installed is an affront to the community because: (a) it does not meet fence industry standards as recommended by the American Fence Association; (b) it has open sections and thus

confines or excludes nothing; (c) it is poorly installed, both vertically and horizontally; (d) the posts are installed outside the fence, not inside; and (e) it lacks setbacks that would allow either us or our neighbor to maintain the fence and clean the area.

Grayling Township may need to clarify, modify or amend its fence ordinances, especially for fences installed on non-conforming property. The Township may also need to adopt an ordinance which requires that a property owner obtain a building permit prior to installing or constructing a fence.

Contractors estimate our cement block garage could be finished in a few days for about \$1,000, or the wall and a 3' by 24' section of cement floor and roof can be removed and then all rebuilt in two or more weeks for about \$9,580, plus electrical.

The sum of \$9,580 plus electrical seems an exorbitant and unnecessary expense when caused by an extraordinary and frivolous claim to air space above a mutual property line. Nevertheless, sooner or later, one way or another, our garagewall will be finished. Please bear with us as we strive to get the job done.

Anthony and Barbara Cueter
Grayling

VIEWPOINT

by U.S. Senator Debbie Stabenow

Gas and home heating prices must be affordable for everyone

Michigan families and businesses are being delivered a one-two punch when it comes to energy prices, and it's got to stop. Gas prices continue to climb to record highs, and home heating fuel costs are expected to increase dramatically this winter.

And while Michigan families endure high prices at the pump, oil companies are reporting their highest profits in history, with this year's first quarter earnings up by as much as 80 percent from last year's earnings. Even last year, Exxon Mobil reported the highest profits ever recorded for a publicly-held company while our gas price went up 23 percent.

That's why I included a provision in the energy bill - which became law in August that directs the Federal Trade Commission to investigate whether the oil companies are engaged in price gouging. That investigation is underway now. I also have co-sponsored two bills that will allow the federal government to take action against OPEC and the oil companies for price fixing.

That's a good start, but there is more work to do. The cost of home heating fuels also is expected to rise dramatically. The Energy Information Administration estimates that heating fuel prices could increase by up to 77 percent this winter in the Midwest.

For families struggling to make ends meet, especially

seniors living on a fixed income, these increases have devastating effects on household budgets. Last winter, I heard stories about Michigan families burning fires in their kitchen sinks because they simply could not afford to heat their homes. This puts families in danger and we cannot let it happen again.

That's why I will continue to fight for additional money for the Low Income Home Energy Assistance Program (LIHEAP), the federal program that provides assistance to eligible families with their home heating needs.

I also recently introduced the Energy Rebate Act of 2005, which would give families and small businesses an immediate, one-time \$500 tax rebate to help them meet gasoline and winter heating costs. It also includes full funding for LIHEAP and consumer protections against price gouging and other corporate market manipulation.

You can get more information about LIHEAP by calling the National Energy Assistance Referral project toll free at (866) 674-6327.

Gasoline and home heating fuels are not luxuries, they are necessities. It is wrong that the oil and gas industry continues to make excessive profits while our families struggle.

As we face the cold weather months to come, I will be fighting to make heating and gas prices affordable for you and your family.

LETTERS TO THE EDITOR

Your views are welcome on the Opinion Page. Letters may be typed or handwritten, but please double-space or use every other line and limit to 500 words.

Every letter must be signed and an address and telephone number must be included to be considered for publication. Letters will

not be published without the author's name. Telephone numbers are not published.

All letters are subject to editing and will be printed as space allows.

Deadline for submission of letters to the editor is Friday at noon for consideration for publication in the following week's paper.

AVALANCHE DEADLINES

Community Briefs items submitted to *The Avalanche* must be turned in to the office by Monday noon, to appear in that week's issue.

Photographs must be turned in to the office by noon on Friday for consideration in the next issue.

News items and letters should be submitted on 8 1/2 x 11 inch paper, typed, and double-spaced.

Handwritten items must also have ample space between each line; on lined

paper use every other line.

Classified ads by the word must be turned in by Tuesday noon and have to be paid for in advance or they will not be published.

Classified display ads must be turned in by Monday noon.

Full page, half page, or color display ads must be turned in by Thursday at 5 p.m.

The deadline for all display ads smaller than a half page is Friday at 5 p.m.

COMMUNITY NEWS

BRIEFS

Church to host potato bar and pie supper

A baked potato bar and pie supper will be held at the Community of Christ Church, on Fri., Oct. 14, from 5 p.m. to 8 p.m. Price is \$4.50, children under 10, \$2.50. A silent auction of craft items will take place. The church is located at 1030 Glenn Rd., Grayling.

Kirtland offers info on phlebotomy course

Representatives from Ferris State University will be at Kirtland Community College on Thurs., Oct. 20, from 5:30 p.m. - 6:30 p.m., to present information on an upcoming phlebotomy course. The session is open to all interested students and will be held in the Instructional Bldg., room 123. If there is sufficient interest, the course will be offered in the evening beginning Jan. 2006. For more information call Karen Brown at 989-275-5000, ext 298, or email to brownk@kirtland.edu.

Church hosts annual Harvest Dinner

Michelson Memorial United Methodist Church, on Michigan Avenue in Grayling, will host its annual Harvest Dinner on Thursday, Oct. 20 from 5 p.m. to 7 p.m. Meal includes turkey and all the trimmings. Cost is \$7 for adults and \$3 for children ages 5-12. Children four years and younger eat free. Take-outs will only be available between 4 p.m. and 5 p.m.

Republican Committee to meet

The Crawford County Republican Committee will meet Monday, Oct. 17, at 5:30 p.m., at the Crawford County Courthouse, in Grayling. All friends and members are encouraged to attend.

Transplant Support Group to meet

The next organ Transplant Support Group of Northern Michigan will be held on Oct. 13 in the classroom at Otsego Memorial Hospital on US-27 North (825 N. Center) in Gaylord at 6 p.m. Special guest for this meeting will be Kim Zasa, Special Events coordinator for the "Gift of Life Michigan" in Ann Arbor. Call Bev at 989-983-4188 for more information.

Straits Area Ostomy Association

The Straits Area Ostomy Association will hold its regular meeting on Sunday, Oct., 16 at 2 p.m., at the Cheboygan Memorial Hospital cafeteria in Cheboygan. All ostomates and interested persons are cordially invited. Please call 989-821-5721 for further information.

TEFAP sign up to be held

A TEFAP sign up will be held Thurs. Oct., 13, at the Senior Center on Lawndale St. from 9 a.m. to 1 p.m. You need to bring income, med. or bridge card and proof of address if signing up for anyone other than yourself. No food will be given at this time.

Church hosts film screening

Grayling Assembly of God, located at 701 S. I-75 Bus. Loop, will be hosting a screening of the new documentary "Beyond the Gates of Splendor," on Oct. 16 at 6 p.m. The film focuses on the aftermath of the deaths of five American missionaries at the hands of the Ecuadorian Indians in the 1950's. The event is free and all are welcome to attend.

Christmas bazaar to be held

The Christmas in October Bazaar will be held on Oct. 15, at the St. Francis of Assisi Catholic Church Hall on County Road 612, Lewiston, from 9:30 a.m. to 3:30 p.m. Arts and crafts of all kinds and bake sale will be available. Hourly drawings for items donated by the various vendors will be held. Lunch available.

Free concert at Bear Lake Church

Bear Lake Christian Church M-72, Kalkaska, presents a free concert, Identical Praise, Saturday, Oct., 15, at 7 p.m. Everyone welcome.

Hartwick Pines State Park hosts Halloween Walk

The Michigan Forest Visitor Center and the Friends of Hartwick Pines will hold a Halloween Walk on Oct. 15, at Hartwick Pines State Park, northeast of Grayling.

The old growth forest foot trail will be glowing from 6 p.m. to 8 p.m. with the light of dozens of lanterns and jack-o'-lanterns. Along the trail, kids and adults will meet various costumed creatures of the forest and learn what it is like for animals to live in this

unique habitat.

"The event promises to be fun and educational for all ages," said park Interpreter Craig Kasmer. "Treat bags will be handed out to the youngsters and cider and donuts can be enjoyed by all."

There is no fee for the event, but a state park motor vehicle permit is required for entry into the park. For more information, contact the Michigan Forest Visitor Center at (989) 348-2537.

LIBRARY NEWS

Scary (and not so scary) stories will be told by Jack O' Lantern glow with tricks, treats and fun for the whole family. Kids of all ages are welcome. Wear your costume.

These events will take place on: Friday, Oct. 21, at the Devereaux Memorial Library at 3:30 p.m.;

Saturday, Oct. 22, at the Frederic Library at noon;

Saturday, Oct. 29, at the Lovells Library at 2 p.m.; and

Monday, Oct. 31, at the Devereaux Memorial Library with Miss Bea at 10:30 a.m.

Devereaux Memorial

Crawford County Library

On Thursday, Oct. 20, the Devereaux Memorial Library and youngsters participating in the American Girl Program, "Meet Molly", would like to invite veterans from World War II to a tea in their honor. The tea will be held at the library, please join us at 3 p.m. for this multi-generational celebration of freedom.

Bring your memories and perhaps a memento from your days in active duty. Following the tea, the girls will be writing letters to our service people that are currently overseas.

Halloween party to benefit animal shelter

A Halloween costume party to benefit the Animal Shelter of Crawford County will be held Saturday, Oct. 29 at 8 p.m. at the Gray Rock Café in Grayling and everyone is invited.

Cost to attend the party is a \$25 donation at the door and includes a food voucher and chances to win prizes.

Sponsored by Mary Becker of Washington Mortgage Company and Jerry Gosnell of Century 21 River Country Real Estate, the event is an opportunity to raise funds to care for the hundreds of homeless animals that pass through the gates of the shelter while having some good old fashion Halloween fun.

Those planning to attend

should come dressed as an animal, not limited to dogs and cats. Any animal will do.

Sponsors are still looking for donations of prizes for the Halloween party. Anyone or any business interested in donated a prize should contact Jerry Gosnell at 348-5474. All donations are tax deductible.

"This is a wonderful idea this time of year," said Shelter President Sharon Priebe. "Cold weather and higher heating bills are approaching. This party will raise funds to help pay the ever growing costs of running the shelter."

A portion of the funds raised will also go toward building a new shelter facility.

Kirtland House to host artist Bev Chase

An exhibit and sale by watercolor artist and area native Bev Chase is planned for Wednesday, Oct. 19, 6-8 p.m. in the Kirtland House on the Kirtland Community College campus.

The public is invited to enjoy the landscapes and florals that for many years have made Chase an award-winning artist, on both the local and national level.

A 1958 graduate of Gerrish-Higgins High School in Roscommon, Chase has enjoyed a lifetime of art and is "still loving every minute of it." As a young artist, she began painting

with other artists in a kitchen group that has since transformed into the Pen and Palette Art Guild that meets in the Higgins Lake area. She has painted and learned with many experts over the years and has lived in Oscoda since 1984. Many look forward to seeing Chase's work annually at art shows and exhibits all over Michigan, including the Roscommon Arts Festival.

Kirtland invites everyone to meet the artist and view her work during her Kirtland show. For further information, call 989-275-5000, ext. 242.

Print exhibition and sale to be held at Dennon Museum

The Dennon Museum Center at Northwestern Michigan College presents the Annual Cape Dorset Graphics Collection exhibition and sale from Oct. 16 to Nov. 27. The works will be released for sale on Friday, Oct. 21 at 6:30 p.m. A preview reception for buyers will be presented at 6 p.m.

Annually, since 1959, original drawings by Inuit artists have been selected to become prints in the Cape Dorset Graphics collection.

Northwestern Michigan College and the Dennon Museum Center have been selling and collecting prints since 1960.

Due to the high demand for these limited edition prints, the sale will be conducted by lottery. Lottery tickets will be given out prior to the sale, in person, by phone, fax, or email. Tickets will be drawn starting at 6:30 p.m. Customers must be prepared to choose a print when their number is called. If the customer cannot be present they must place an advance lottery order with the Museum Store.

To receive a copy of the 2005 Cape Dorset Print Catalogue contact the Dennon Museum Store at 231-995-1586 or email ttarnow@nmc.edu. The Cape Dorset prints can be viewed at www.dorsetfinearts.com/2005col lection as well as the Dennon Museum Center after Oct. 16. Proceeds from the sale will be used to purchase new work for the Dennon Museum Inuit art collection.

The Dennon Museum Center store features a variety of publi-

cations on Inuit art and art work, both sculpture and prints, by noted Inuit artists.

The Dennon Museum Center is open daily 10 a.m. to 5 p.m. and Sundays 1-5 p.m. Admission is \$4 adults, \$2 for children and free to museum members. For more information on the museum, go to www.dennonmuseum.org or call 231-995-1055. The Dennon Museum Center is located at 1701 East Front Street, Traverse City, at the entrance to the campus of Northwestern Michigan College.

**October is...
National
DENTAL HYGIENE
Month**

October celebrates National Dental Hygiene Month because keeping up with proper Dental Hygiene is very important to your health. Whether you are young or old, you should follow these 8 basic steps to creating that beautiful smile you always dreamed of.

1. Brush front and back of each tooth after every meal.
2. Be sure to brush the chewing surface of each tooth.
3. You only need a tiny bit of toothpaste.
4. Be gentle.
5. Floss every day.
6. Use a fresh section of floss for each tooth.
7. Move floss around teeth in a "C" shape.
8. Slide the floss up and down between teeth slowly.

Make an appointment with one of these local dentists today!

Credit union donates home, funds to Habitat

by Dan Sanderson
Staff Writer

A home where officials for the North Central Area Credit Union used to oversee operations for the financial institution will go to raise funds for the Crawford County Habitat for Humanity.

The credit union has donated the red house located at the corner of Rose Street and Ogemaw Street to the local Habitat for Humanity.

The house was purchased when the credit union acquired the property for its Grayling branch in 1990.

In 1993, the administrative officers for the credit union were moved into the house due to growth of the financial institution.

Since the credit union's mortgage, member services, accounting and administration functions had been done in Grayling, Roscommon, Houghton Lake and Standish, the decision was recently made to build a new administration building in Houghton Lake where all functions will be conducted under one roof.

Richard Shay, the CEO for the North Central Area Credit Union, said the financial institution wanted to see the home preserved and put to good use.

"We were more than happy to donate the home to Habitat for Humanity," Shay said. "It can benefit somebody rather than us tearing it down and hauling the junk away. Structurally, it's a good home."

Jeddy Hood, the executive director of the Crawford County Habitat for Humanity, said a garage attached to the home will be torn down in the next couple of weeks.

Crews for Millikin Excavating are laying a foundation for the home on a lot the Crawford County Habitat for Humanity owns on Erie Street.

The home will be moved by the end of the year so it can be sold by the Crawford County Habitat for Humanity, Hood said.

Hood said Habitat was able to negotiate a deal with Hutchinson Davis Movers of Lake City, the firm which moved the Stittsville Church for Wellington Farm Park and also recently moved the for-

mer home used as offices by the St. Mary's Church, to have the house relocated.

"We're not out to make a profit and we have to cut costs wherever we can," Hood said.

The home will receive new siding, the roof will be repaired and the interior will be refurbished after it is moved, then will be sold by Habitat for Humanity.

"By in large, it's pretty sound," Hood said of the house. "As soon and we get it in good shape, we're going to put it on the market to sell it and take the money and build a Habitat house."

Hood said Habitat was pleased that home was saved from the landfill.

"It was a very generous offer and a nice thing to do," Hood said. "It's going to take some work on our part, but that's what we do."

The donation of the home was made as the Northern Central Area Credit Union completed a fund-raising drive called "Home Is Where the Heart Is" for the Habitat for Humanity.

During the month of August, credit union employees and members at branch locations in Grayling, Houghton Lake, Roscommon and Standish raised \$5,421.74 for Habitat for Humanity.

The funds were divided equally between the Crawford, Roscommon and Arenac County Habitat for Humanity organizations for upcoming building projects.

As an incentive, the credit union gave "Home Is Where the Heart Is" yard signs to members who made donations, then made a \$500 cash prize available to donors.

The winner of the contest was Donna Webb, of Grayling. Webb was very excited about winning and raising money for Habitat.

"It is a great cause," Webb said. "Habitat for Humanity is at the top of my list for helping people out."

Kathy Kruch, the business development specialist for the North Central Area Credit Union, applauded members who stepped up to support the local Habitat for Humanity since it's part of the financial institution mission to serve the commu-

The North Central Area Credit Union recently completed its Home Is Where the Heart Is fund raising drive where employees and members of the financial institution raised funds for local Habitat for Humanity organizations. Above, front row, Janet Varney-Small, the manager for the North Central Area Credit Union Grayling branch, presents a check to Jeddy Hood, executive director for the Crawford County Habitat for Humanity, and Lynn McConnell, president for the Crawford County Habitat for Humanity Board of Directors. Back row, are credit union staff Kristen Gilmore, Kami Wellman, Diane Clough, Judy Crandall and Jennifer Harris.

nities where branches are located.

"This is the time of year that organizations like Habitat need contributions" Kruch said. "We offered the \$500 incentive to get the community to come together for a great cause - and they did."

Hood said that local Habitat for Humanity volunteers were

pleased to see the support of donations and the "Home Is Where the Heart Is" signs being displayed, supporting the organization's efforts.

"We will use the donation as seed money for the next home we build," Hood said. "It was nice to know that there was that kind of support from our community."

Visit 'La Belle France' in GPA Entertainment Series Travel and Adventure program

As part of the Grayling Promotional Association Entertainment Series the 32nd season of the Travel and Adventure Series will present "La Belle France" narrated, in person, by world traveler Monty and Marsha Brown, on Oct. 20 at the Rialto Theatre in Grayling.

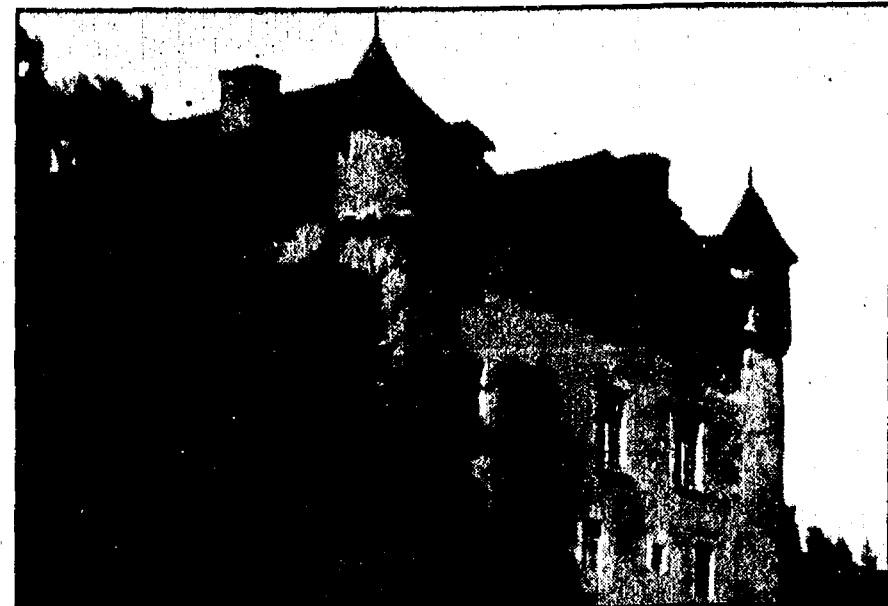

From the beaches of Normandy to the Old Port at Marseilles, you'll view France with a twist, as seen through the

eyes, ears and lens of American folk musicians Monty and Marsha Brown.

Stroll along the Seine in Paris, City of Lights; tour famous Mont. St. Michel; marvel at Roman Monuments such as Pont du Gard, a 2000 year old Roman Aqueduct; catch a quick glimpse of the Tour de France competitors cycling by; experiencing the Grand Parc Puy du Fou; the Windmill of Daudet; and the last visitors of Van Gogh.

Sample the markets, the cathedrals, the canals, the food, the people, and the fun. Visit quaint little villages not found in the tourist's guides as well as many interesting world famous sights such as The Palace of the Popes in Avignon. Enjoy the festivals; The Transhumance in St. Remy where thousands of sheep run through the town, the lovely grounds of the Chateau de Florans in La Roque d'Anthéron, and an actual Country/Folk Festival where the Browns joined in and performed their own brand of music with a Louisiana flavor.

Get ready to say Bonjour. And join GPA to explore "La Belle France," indeed it is - the beauti-

The Grayling Promotional Association will present "La Belle France" in the Oct. 20 Travel and Adventure Series at the Rialto Theatre.

ful France. Laissez les bon temps rouler.

The presentation will last approximately 90 minutes and will begin promptly at 7:30 p.m., doors opening at 6:45 p.m. Tickets are priced at \$8 for adults and \$7 for seniors and students and are available at the Grayling Regional Chamber of Commerce and Flowers By Josie, Uptown Grayling or at the door.

The next travelogue will be "South African Safari," held on

November 17.

For more information on this performance or a schedule for the upcoming series call the Grayling Regional Chamber of Commerce at 989-348-2921.

The Travel and Adventure Series is made possible with the generous support of lead sponsor Fick and Sons, Inc. of Grayling, in partnership with the Grayling Promotional Association in partnership with area businesses and corporations.

DNR to host open house on forest management treatments

The Michigan Department of Natural Resources will host an Open House Tuesday, Oct. 18 to provide information and receive public comment on forest man-

agement treatments proposed for 2007 in the Grayling Management Unit.

The Open House will be held from 1:30 p.m. to 6 p.m. at the

Grayling Unit Headquarters in Grayling.

Each year, DNR personnel inventory and evaluate about one-tenth of the state forest. The information gathered spans a wide range of social, biological and economic factors. It includes the health, size and age of all vegetative types; wildlife habitat and needs; fisheries considerations; archeological sites; oil and gas activities; recreational use; wildfire potential; social factors, including proximity to roads and neighborhoods; and existing use on adjacent lands, public and private. Proposed treatments and management activities are designed to insure the sustainability of the resources and ecosystems. They may include clearcuts, selection cuts, opening maintenance, pathway relocations, prescribed burns, tree planting and road closures.

The Open House is an opportunity for the public to review proposed treatments and other management activities and to provide input toward final decisions on them. It also provides the public an opportunity to talk with foresters and biologists. Maps and information that will be available at the Open House can be accessed on the DNR website at www.michigan.gov/dnr/.

Those unable to attend the Open House may submit written comments to: Grayling Forest Management Unit, 1955 N I-75 BL, Grayling, MI 49738. Written comments should be submitted by the date of the Open House. If you are unable to view or download this information and would like a set of Compartment Review information and maps mailed to you, please contact them. If you have an e-mail address, please provide it to have this information sent to you next year electronically.

Each forest management unit is divided into smaller units or compartments to facilitate better administration of the resources. This year the Grayling Open House and Compartment Review will consider management prescriptions in the following townships: Beaver Creek, Grayling, Maple Forest, Frederic, and Lovells Townships in Crawford County; Elmer and Greenwood Townships in Oscoda County; Alcona Township in Alcona County; and Oscoda Township in Iosca County.

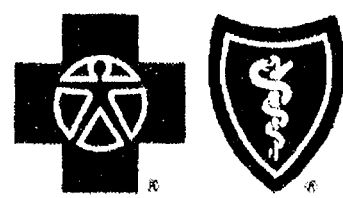

The formal Compartment Review to finalize prescriptions is scheduled for 9 a.m., Nov. 3, 2005 at the Grayling Forest Unit Office. Persons with disabilities needing accommodations for these meetings should contact Unit Manager Susan Thiel at 989-348-6371 extension 7440.

Blue Cross Medicare plans are on their way.

When it comes to your Medicare and prescription drug coverage, you don't want to make any decisions before you've considered all of your options. Especially, when one of those options is from the health care company you've trusted for over 65 years.

Soon, Blue Cross Blue Shield of Michigan will introduce our Medicare plans—including new Medicare Part D prescription drug coverage. We're taking the time to make sure that our plans provide the coverage, security, and affordability you really need.

So watch for Medicare information from the Blues. Then you can decide with total confidence.

HUNTING

Mark Pindell of Grayling shot this 10-point buck with a bow on Sunday, October 2, in Comins.

Card of Thanks

We would like to thank all of the Mercy Hospital ER staff for the wonderful care and for the patience they had with our mother the night she fell and broke her hip. Also, thank you to Dr. Guno, Dr. Habryl, Dr. Anders and the hospital staff at Otsego Memorial Hospital in Gaylord for the wonderful care she received while in the hospital. Thank you to everyone who has sent flowers, cards, well wishes, the prayer shawl and to everyone who has taken time to visit. Gloria is in Mercy Manor, where she is getting physical therapy and is doing very well. Visitors are welcome at any time.

The family of Gloria Alef

SENIOR CITIZEN NEWS

TOOKULA TOUR

The Tookula Choir from Minden, Germany visited Grayling last week. Above, the 60 member choir performed at the Grayling High School at part of the Grayling Promotional Association's Entertainment Series. Right, welcoming the choir to Grayling, GPA members served a potluck picnic at the Grayling Township Nature Park. Below, GPA member Carolyn DiPonio presents a cake to choir director Thomas Wirtz. A second cake was also served at the picnic for Wirtz's son, Daniel, wearing a crown (top right), who celebrated his 17th birthday while in Grayling. The choir performed in the park for GPA members following their meal. The Tookula Choir, who are all volunteer students, were in the United States for a 19-day tour. The choir performed in Grand Rapids, Grayling and Escanaba.

Grayling Steam Special slated for this weekend

Continued from Page 1A
Michigan.

A train operated by the Lake States Railroad Company will offer a 26-mile round trip color tour in the Grayling area on Saturday. Tickets for that trip have been sold out.

Over the weekend, Michigan Avenue between Norway Street and the I-75 Business Loop will be closed for the Grayling Steam Special. Service clubs and youth groups will be selling food, and an arts and crafts fair and farmer's market will also be held.

Grayling artist Abby Chase will be on hand signing posts cards and limited edition prints of the Pere Marquette #1225, which were commissioned by the Crawford County Historical Society.

The Michigan Museum of Military Transport will have a display of vintage military vehicles on display. The Michigan State Police will also have a 1934 police cruiser at the event.

A group of telegraphers from Tennessee will also be at the museum so people can send messages from the museum.

"You'll be able to send a telegraph to anyone in North America, and it's all done by morse code," Cosgray said.

The Pere Marquette will be pulling into town at 1 p.m.

Grayling artist Abby Chase will be on hand signing posts cards and limited edition prints of the Pere Marquette #1225, which were commissioned by the Crawford County Historical Society.

Events downtown will be held from 10 a.m. to 4 p.m.

Cosgray and the Crawford County Historical Museum officials hope that the Grayling Steam Special will become an annual event rivaling the AuSable Canoe Marathon weekend, restoring viability to the Crawford County Museum.

"We will not be able to open next year if we don't do well this weekend - we're in that dire of straits," Cosgray said. "It's going to save the museum - period."

Bill Greene, a Crawford County Historical Society Board member and museum volunteer, hopes the weekend has a positive impact on the community.

Greene's father, William, worked on a train crew which operated between Bay City and Mackinaw City.

"That's fond memories for me," Greene said. "When I was a boy, my mother used to pull us kids over to the tracks in a wagon when my father was coming off a run."

Avalanche Football Contest Official Rules

(1) Contestants must list the advertiser in which each game is found. Write your prediction for the games played, advertisers and tiebreakers (total points scored by both teams) on entry form. Entry form without advertisers listed will be invalid. The person with the most correct picks wins all the weekly prizes listed. If the tie breakers can not determine a winner, a drawing will be held to select a single winner. (2) One entry per person a week will be accepted. Crawford County Avalanche employees are not eligible. (3) Completed entry forms must be returned to the Avalanche no later than 5 pm Friday before each week's games. Mail slot in our door may be used Wednesday or Thursday night after 5 pm and before 9 am. Mailed entries must be postmarked no later than 5 pm Friday. Mail to Crawford County Avalanche, PO Box 490, Grayling MI 49738. (4) Entries must be on an official entry form as printed in the Avalanche. No purchase necessary to enter. Entry forms available at the Avalanche office. Winner may claim their prizes at the Avalanche office between 9 am and 5 pm weekdays. Identification and a social security number must be presented when claiming prizes.

Routine Maintenance Extends Vehicle Life

(ARA) - Undoing the wear and tear of summer driving should be on everyone's autumn to-do list. For those who live in cold climates or anticipate driving in harsh conditions, maintenance now can prevent deadly breakdowns this winter.

Drivers everywhere will benefit from longer vehicle life, increased gasoline mileage and better re-sale value, note the pros at the non-profit National Institute for Automotive Service Excellence (ASE).

The following tips from ASE will give "do-it-yourselfers" a road map and "do-it-for-me's," a checklist to take to their auto technician.

First read your owner's manual and follow the manufacturer's recommended service schedules.

Engine Performance - Have engine driveability problems (hard starts, rough idling, stalling, diminished power, etc.) corrected at a good repair shop. Cold weather will make existing problems worse. Replace dirty filters - air, fuel, PCV, etc.

Fuel - Put a bottle of fuel de-icer in your tank once a month to help keep moisture from freezing in the fuel line. Note, that a gas tank that's kept filled helps prevent moisture from forming in the first place.

Oil - Change your oil and oil filter as specified in your manual - more often (every 3,000 miles or so) if your driving is mostly stop-and-go or consists of frequent short trips.

Cooling System - The cooling system should be flushed and refilled as recommended. The level, condition, and concentration of the coolant should be checked periodically. (A 50/50 mix of anti-freeze and water is usually recommended.) If you're doing your own work, allow the radiator to cool down completely before removing the cap. The tightness and condition of drive belts, clamps, and hoses should be checked by a certified auto technician.

Heater/Defroster - The heater and defroster must be in good working condition for passenger comfort and driver visibility.

Windshield Wipers - Replace old blades. If your climate is harsh, purchase rubber-clad (winter) blades to fight ice build-up. Stock up on windshield washer solvent. Carry an ice-scraper.

Battery - The only accurate way to detect a weak battery is with professional equipment. But do-it-yourselfers can do routine maintenance. Scrape away corrosion from posts and cable connections; clean all surfaces; re-tighten all connections. If battery caps are removable, check fluid level monthly.

A word of caution: Be sure to avoid contact with corrosive deposits and battery acid. Wear eye protection and rubber gloves. Note too that removal of cables can cause damage or loss of data/codes on some newer vehicles so refer to your manual for instructions.

Lights - Inspect all lights and bulbs; replace burned out bulbs; periodically clean road grime from all lenses. To prevent scratching, never use a dry rag.

Exhaust System - Your vehicle should be placed

on a lift and the exhaust system examined for leaks. The trunk and floorboards should be inspected for small holes.

Tires - Worn tires will be of little use in winter weather. Examine tires for remaining tread life, uneven wearing, and cupping; check the sidewalls for cuts and nicks. Check tire pressure once a month. Let the tires "cool down" before checking the pressure. Rotate as recommended.

Emergencies - Carry gloves, boots, blankets, flares, a small shovel, sand or kitty litter, tire chains, a flashlight, and a cell phone. Put a few "high-energy" snacks in your glove box.

The National Institute for Automotive Service Excellence (ASE) was founded in 1972 as a non-profit, independent organization dedicated to improving the quality of automotive service and repair through the voluntary testing and certification of automotive professionals.

Take Control of Rising Gas Prices

(NUT) - Does your money seem to evaporate with every trip to the gas station? You can add miles to every gallon you pump simply by maintaining your vehicle and practicing fuel-saving driving habits.

"Most motorists don't realize that it's the little things that don't take a lot of time or cost much that can really make a difference when it comes to saving money at the pump," said Rich White, executive director of the Car Care Council. "Loose or missing gas caps, underinflated tires, worn spark plugs and dirty air filters all contribute to poor fuel economy."

The Car Care Council offers these gas-saving maintenance and driving tips.

Secure your vehicle's gas cap. About 17 percent of the vehicles on the road have damaged or loose gas caps or are missing gas caps altogether, causing 147 million gallons of gas to vaporize every year.

Keep tires properly inflated. Driving on underinflated tires is like driving with the parking brake on and can cost you a mile or two per gallon.

Replace worn spark plugs regularly. A vehicle's spark plugs can fire as many as 3 million times every 1,000 miles. A dirty spark plug causes misfiring, which wastes fuel.

Change dirty air filters. If the air filter gets clogged and chokes off the air, it creates a mixture that's too "rich" in gas, which causes

the engine to lose power. Replacing a clogged air filter can improve gas mileage by as much as 10 percent.

* Don't be an aggressive driver. Aggressive driving can lower gas mileage by as much as 33 percent on the highway and 5 percent on city streets.

* Avoid excessive idling. Sitting idle gets zero miles per gallon. Letting the vehicle warm up for just one to two minutes is sufficient.

* Observe the speed limit. Gas mileage decreases rapidly at speeds above 60 mph. Use cruise control to maintain a constant speed on the highway.

* Do not carry unneeded heavy items in the vehicle. An extra 100 pounds can cut fuel efficiency by 1 percent to 2 percent.

Get Ready, Get Set, Go Winterize Your Car

(NUI) - Winter's just around the corner and chances are your vehicle needs some preventive maintenance to get it ready for the cold weather ahead.

According to AAA, the most frequently uncovered problems in its annual vehicle inspections are improper tire pressure or low or dirty motor oil, anti-freeze, or other automotive fluids.

AAA offers the following advice for motorists preparing for the winter driving season:

Get ready: Before you drive long distances, check the weather conditions along your route. Remember to bring a cellular phone and a winter driving kit that includes a flashlight with fresh batteries, a snow shovel and

brush, traction mats, ice scraper, booster cables, a blanket, flares, heavy gloves, window washing solvent and a first-aid kit.

Get set: Inspect your vehicle thoroughly before leaving your driveway. Ensure that your tires are properly inflated, fluid levels are full, front and rear lights are operating, and belts and hoses are in good condition.

Also, keep in mind that one of the most common causes of cold-weather breakdowns is a weak or dead battery. Good indicators that your battery is weak and may need replacement include a starter motor that cranks the engine slowly when the ignition key is turned or headlights that dim noticeably when the

engine speed drops to idle.

If you are unsure about any aspect of your vehicle's condition, visit a AAA Approved Auto Repair facility for expert maintenance and repair services.

Go: Now that your vehicle has the green light, here are some winter driving tips to get you to your destination safely.

* When driving in slippery and icy conditions, slow down and keep a safe distance from other vehicles. Minimize your brake use and remember that traction is greatest just before the wheels spin. Applying gentle pressure on the accelerator pedal when starting is the best method for retaining traction and avoiding skids.

* The most effective way to stop on ice and snow is

to apply your brakes gently, well in advance of the point where you intend to stop. If your car has an antilock braking system, do not pump your brakes; continue to apply firm pressure to the brake pedal until your vehicle comes to a complete stop.

* Keep your seatbelt fastened and make certain that all passengers are securely restrained.

* When driving in falling snow or fog, lower your speed, use your low-beam headlights or fog lights and keep a safe distance from vehicles in front of you.

* To help avoid gas line freeze up, keep your gas tank at least half full to minimize condensation.

For more automotive tips, visit www.aaa.com.

Time to Fall Back Into Your Auto Maintenance Routine

(NUI) - As summer winds down and fall begins in earnest, auto-care experts say that getting your vehicle serviced for cold-weather driving should be high on your list of things to do.

Here are some tips from the National Institute for Automotive Service Excellence (ASE) - the non-profit group that certifies automotive technicians - on preparing your car for winter weather.

* Read your owner's manual and follow the manufacturer's recommended service schedules. Change your oil and oil filter as specified in your manual. Do this more often - every 3,000 miles or so - if your driving is mostly stop-and-go or consists of frequent short trips.

* Get problems such as hard starts, rough idling, stalling and diminished power corrected at a good repair shop. Cold weather will make existing problems worse.

* Replace all dirty filters. * Put a bottle of fuel deicer in your tank once a month to help keep moisture from freezing in the fuel line. Keep your gas tank filled to help prevent moisture from forming.

* Have the cooling system flushed and refilled as recommended. Periodically check the level, condition and concentration of the coolant.

* Have a certified auto technician check the tightness and condition of drive belts, clamps and hoses.

* Make sure that the heater and defroster are in

good working condition.

* As part of routine battery care, scrape away corrosion from posts and cable connections; clean all surfaces, then re-tighten all connections. If the battery caps are removable, check the fluid level monthly.

Note that removal of cables can cause damage or loss of data on some newer vehicles, so check your manual. Also, be sure to avoid contact with corrosive deposits and battery acid; wear eye protection and rubber gloves.

* Examine the exhaust system for leaks. The trunk and floorboards should be inspected for small holes.

* Examine the tires' tread and look for uneven wearing and cupping. Also, check the sidewalls for cuts and nicks. Rotate the tires

as recommended.

* Check tire pressure once a month. Let the tires "cool down" before checking them. Don't forget to check your spare, and be sure the jack is in good condition.

* Prepare for emergencies. Stock your car with gloves, boots, blankets, flares, a small shovel, sand or cat litter, tire chains, a flashlight and a cell phone. Put a few "high energy" snacks in your glove box, too.

Tips for Saving Money On Auto Insurance

(NUI) - Policyholders have seen a rise in their auto insurance costs recently. In fact, the average cost of auto insurance is estimated to increase by 9 percent in 2003. However, drivers can significantly reduce the

cost of car insurance by taking advantage of discounts that many providers offer. "Drivers looking for auto coverage may assume that rates are similar among insurance providers, so they may not shop around

for the best price," said Steven Paul, vice president at Insurance.com, an online insurance resource. "Buying a policy without researching it first, however, could be an expensive mistake."

Understanding the factors that impact auto insurance premiums can help savvy shoppers make better decisions and possibly save them money in the process. Insurance.com offers the following tips to help people learn more about their coverage and identify possible discounts:

- * Select coverage carefully. Compare the book value of a car against its current premium combined with its deductible. While all drivers are required to carry enough liability insurance to meet their state's requirements, collision and comprehensive coverage is optional and may not be necessary or cost-effective for drivers with older cars. Another way to lower a premium is to select a higher deductible.

- * Consolidate. Most providers offer multi-policy and multivehicle discounts. Combining car and homeowners insurance can save both time and money. Additional discounts may be available for people who have more than one vehicle insured with the same provider.

- * Choose a highly rated model. Agencies assign a rating to every car model based on historical collision, injury and theft claims, among other factors. The higher the rating, the more consumers can reduce their premiums.

- * Take preventative measures. Many providers award discounts to customers who take steps to protect their cars from physical damage and theft by opting for antilock brakes, air bags, alarm systems and other security devices.

- * Drive carefully. The more careful and experienced the driver, the less risk insurance providers take, therefore lowering the premium. Some insurance companies also offer discounts to policyholders who complete a defensive driving class.

- * Drive a friend to work. Discounts can apply to carpool participants because each individual's car is at less risk than if they commuted separately. Commuter discounts also are available for car owners using public transportation because their vehicles will have lower annual mileage than if they drove to work each day.

To learn more about the factors that affect the price of insurance premiums, log on to www.insurance.com.

Girls basketball team wins at Elk Rapids 52-45

■ Vikings outscore Elks 10-7 in fourth quarter to win league game on Thursday

With an 8-1 run down the stretch, Grayling High School's varsity girls basketball team defeated the Elk Rapids Elks by a final score of 52-45 at Elk Rapids on Thursday night.

Grayling trailed 15-14 at the end of the first quarter but led 31-25 at halftime. The Vikings had a 42-38 advantage going into

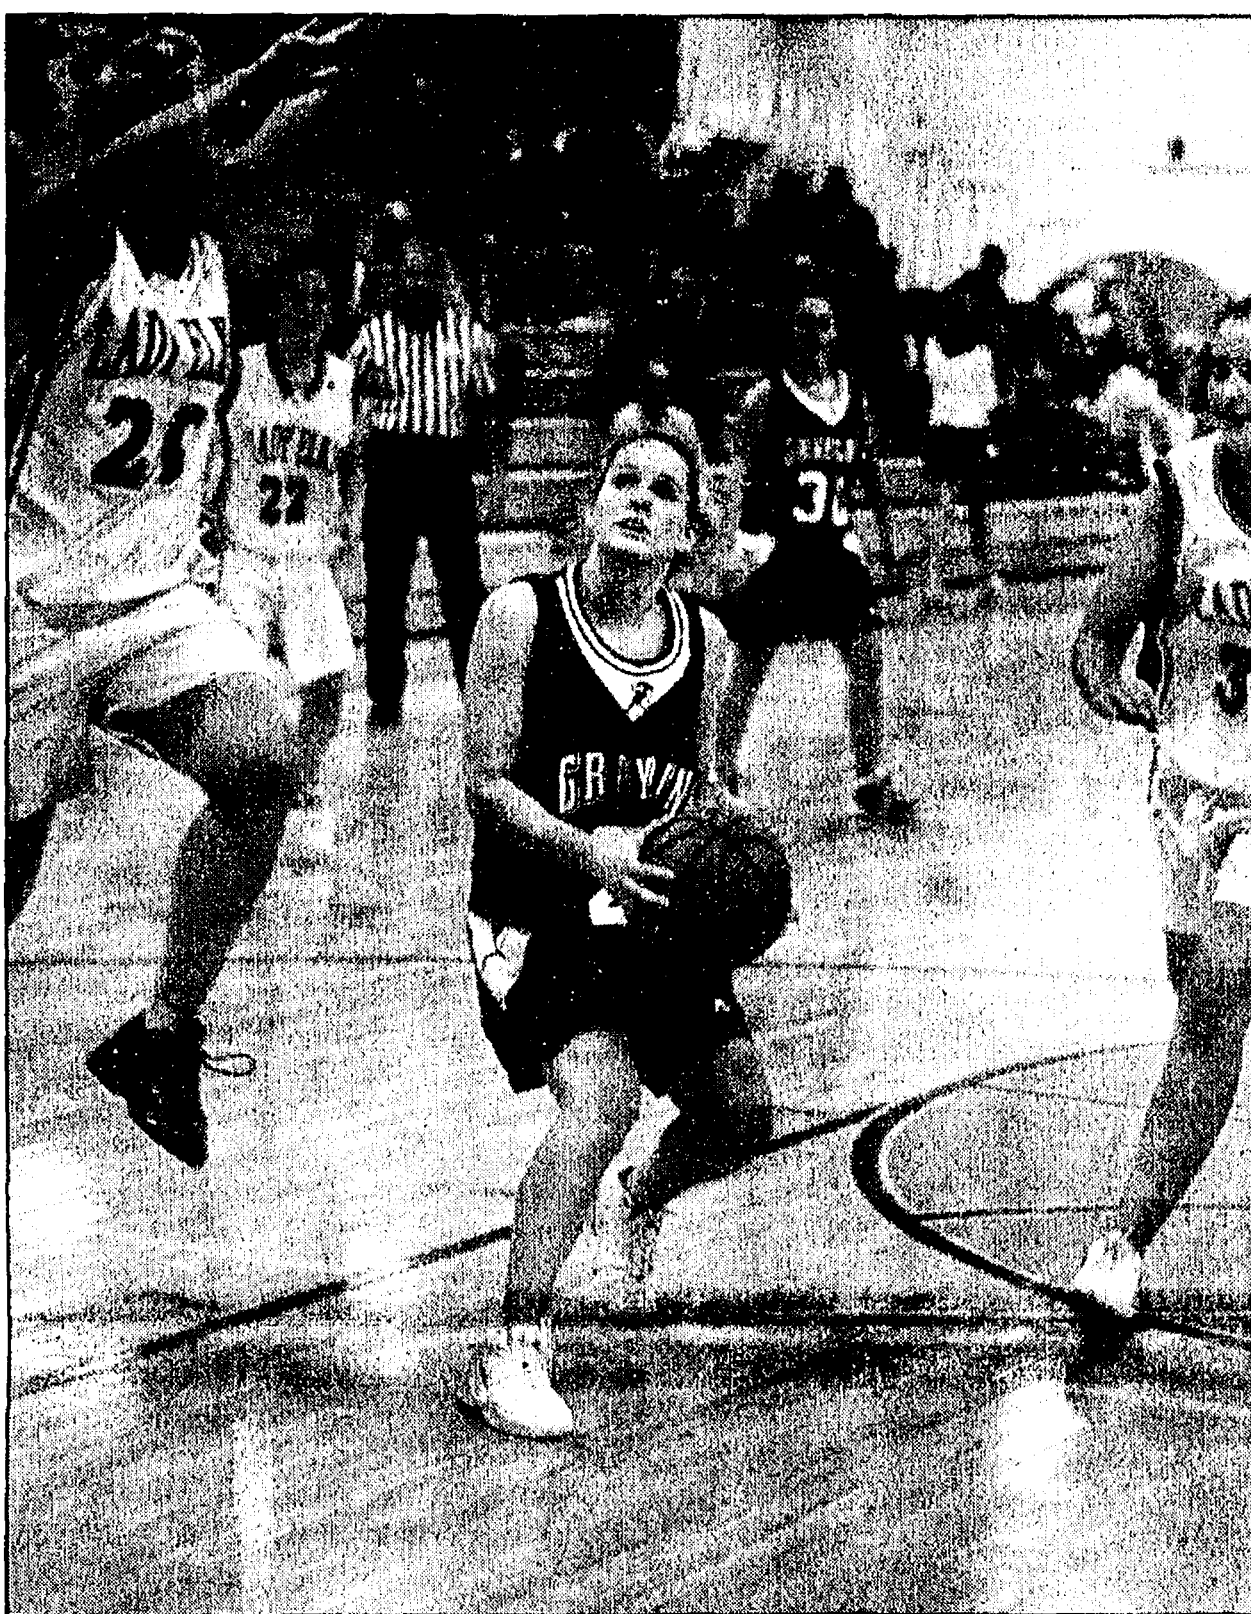

the fourth quarter.

GHS scored the first basket of the fourth period on a drive by Michelle McGuire. Two jump shots by Elk Rapids cut Grayling's lead to two, 44-42, with 4:30 left in regulation. A free throw by Katie Baynam gave GHS a 45-42 edge.

With 1:42 remaining in the contest, Trisha Petersen hit a three-pointer to give the Vikings a six-point lead, 48-42.

Vikings fall to Boyne 35-19

■ BC Ramblers outscore Grayling 22-6 in second half of Friday night's game

by Caleb Casey
Senior Staff Writer

With a strong second half performance, the Boyne City Ramblers defeated the Grayling Vikings 35-19 in last Friday's varsity football contest at GHS. The loss dropped Grayling's season record to 4-3 and the team's league record fell to 3-2 with two games left to play in the 2005 season.

On the first possession of Friday night's game, Boyne City stripped the ball from Grayling on a 4th and 1 play, picked up the loose ball, and ran it to Grayling's 16-yard line. Boyne City covered the 16 yards with three runs and scored on a 5-yard TD plunge. With the extra point kick, BC led 7-0.

Boyne City's kick-off went out of bounds, giving GHS the ball at the 35-yard line. A pass from quarterback Jeff Bancroft to Eli VanNuck gained 18 yards on 3rd and 9. A pass from Bancroft to Nick Parkinson on 2nd and 9 picked up 12 yards. Runs by Jeff Bancroft and Joey Bancroft and a pass to Parkinson brought up 1st and goal at the 2-yard line. On 2nd and goal at the 1-yard line, Jeff Bancroft scored on a QB sneak up the middle. With the extra point kick by Jason Drudge, the score was tied at 7-7.

GHS unveils new football record board

■ Board is dedicated to the memory of William Jack 'Pete' Millikin

Grayling High School unveiled its new record board for football at last Friday's home game at Viking Stadium. The record board honors the memory of William Jack "Pete" Millikin, who passed away five years ago, and was purchased mainly through Millikin's memorial fund.

"He enjoyed football. We watched some of our kids and grandkids play," said Nita Millikin, Pete's widow.

Millikin also played football at GHS when he was in school, Nita said.

Nita, along with several members of her family, was present for the unveiling of the record board on Friday evening.

"It's really nice," she said.

"Most of the record information was collected by Rodney Patterson when he was the head football coach. Former coaches Bill Klinger and Mike Wieland were also a big help with getting me information," said Doug Pummell, GHS Athletic Director. "Records on the board are from the most accurate and documented information collected. If anyone has documented records that may break some

Continued on Page 5B

See "GHS UNVEILS..."

Members of the Millikin family gather for the unveiling of the "Record Board in Memory of William Jack 'Pete' Millikin" at last Friday's home football game at GHS. The new record board, purchased primarily through memorial donations for Millikin and located on the Viking Hut, contains football records for single-game and full-season accomplishments.

Girls tennis team defeats Petoskey, Boyne City

■ Vikings win home meet vs. Ramblers 7-0-1 and post a 6-2 victory at Petoskey

Grayling High School's varsity girls tennis team recently ended its 2005 regular season with wins over Petoskey and Boyne City.

On Wednesday, September 28, the Vikings won a home meet vs. the Boyne City Ramblers 7-0-1.

In singles action, Kim Long won 6-3, 6-1; Alex Mosel won 6-3, 6-2; Tiffany Shiney won 6-2, 6-0; and Megan Burrick won 6-2, 6-0.

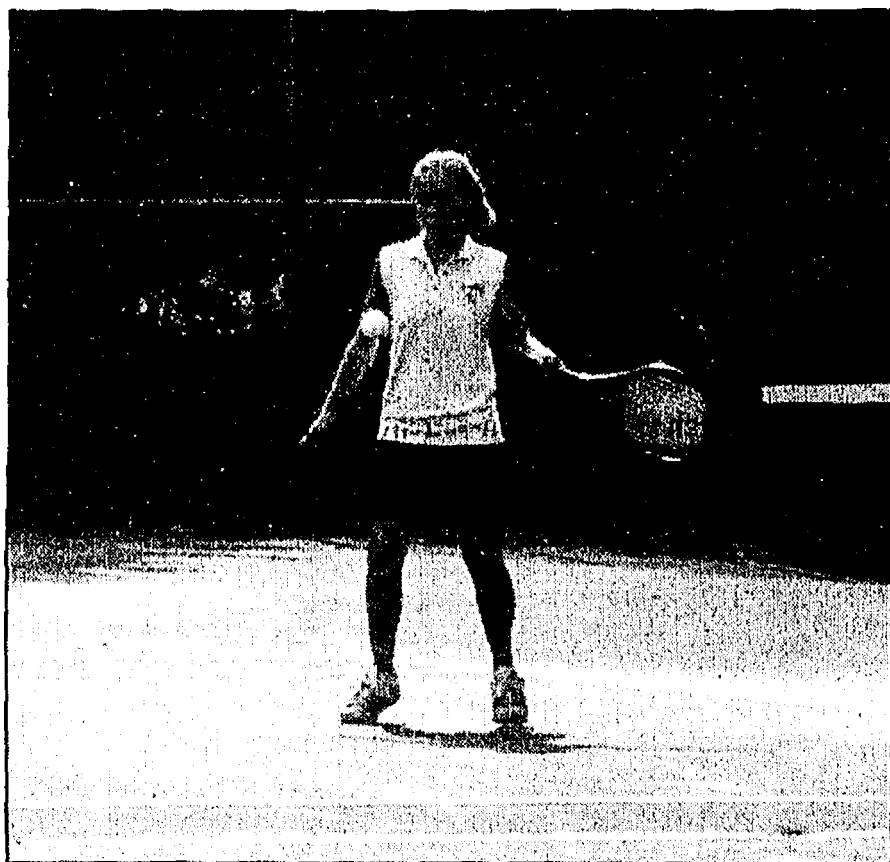

Three of Grayling's doubles teams - Jamie Wyss and Chelsea Partello, Katie Ferrigan and Mollie Golnick, and Arieal Lynch and Nicole Metzger - won

against Boyne City. The doubles match featuring Talia Piper and Nikki Lane vs. BC ended in a tie.

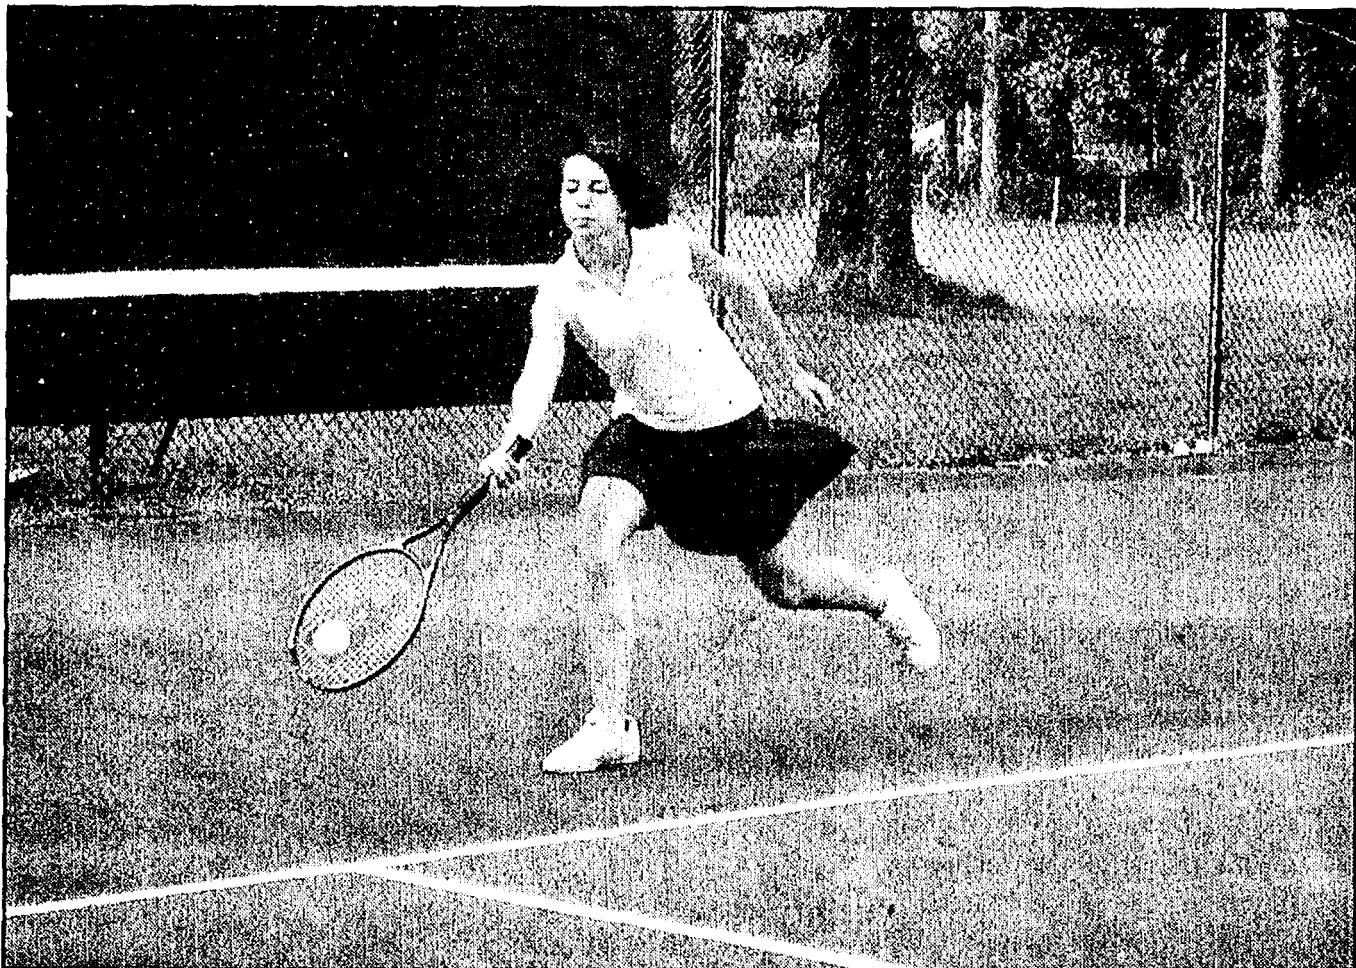

On Monday, September 26, the Vikings won at Petoskey 6-2.

The Vikings won all four singles matches. Long won 6-0, 6-3; Mosel won 6-4, 7-6; Shiney won 6-4, 6-2; and Burrick won 6-0, 6-1. Wyss and Partello and Ferrigan and Golnick won doubles matches for the Vikings.

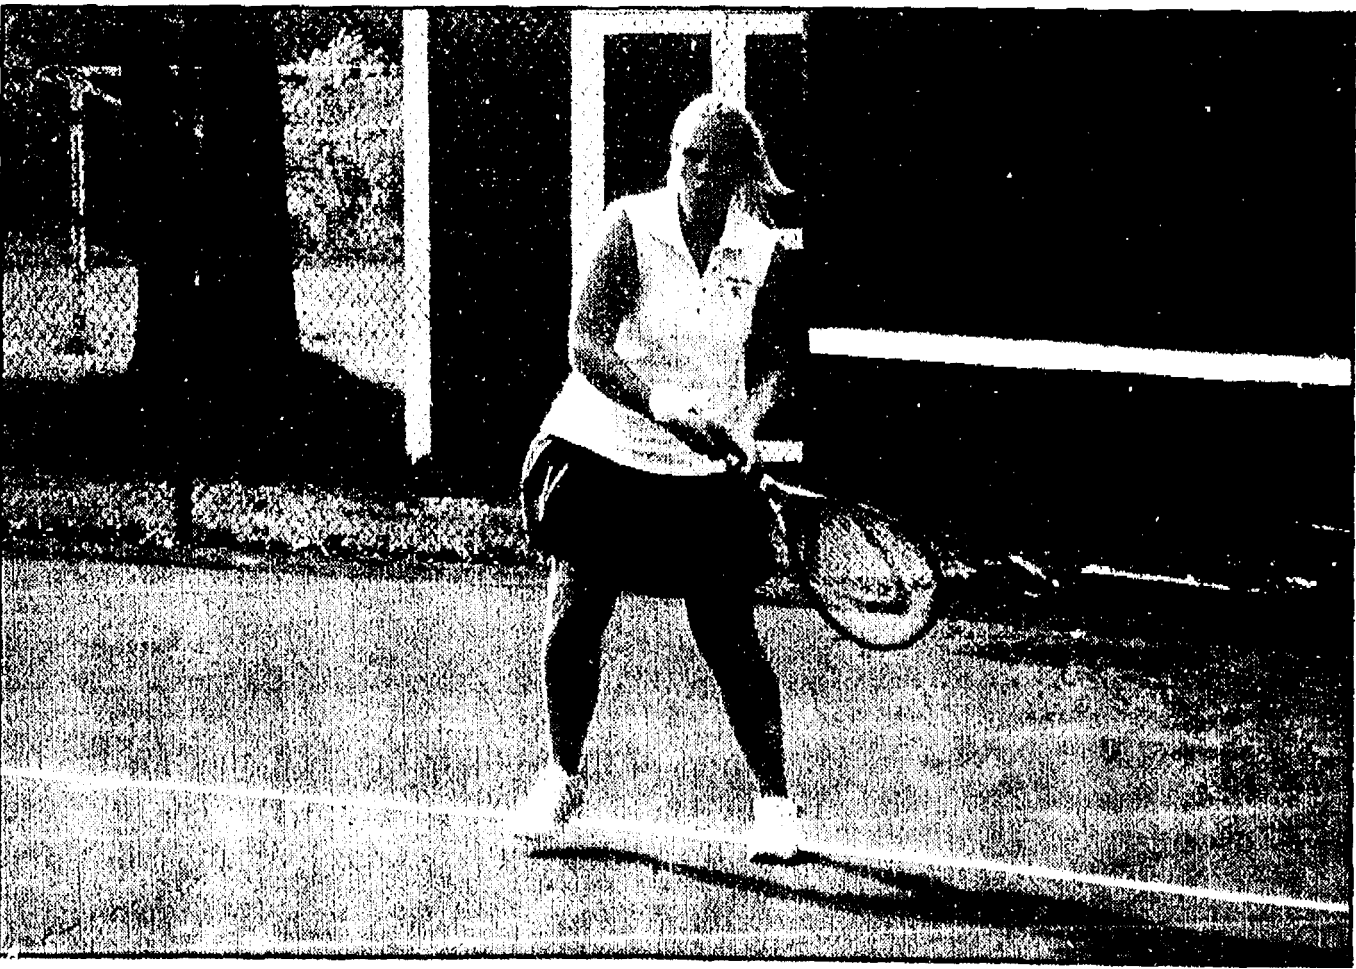

"The young Grayling varsity tennis team continues to improve earning their first two victories of the season last week," Coach Brian Banda said. "The Vikings are led by senior Kim Long, who defeated her opponents 6-0, 6-3 (and) 6-3, 6-1. Junior Tiffany Shiney continues her consistent play with victories of 6-2, 6-4 and 6-2, 6-0."

Alex Mosel plays in a singles match for the Vikings.

Kim Long (above) and Tiffany Shiney (below) compete in singles matches for the GHS varsity girls tennis team.

MARCHING BAND

Grayling High School's marching band performs during last Friday's varsity football pregame event at Viking Stadium.

Photo by Caleb Casey

Junior varsity football team wins 24-14 at Boyne City

60-yard fumble recovery for a TD seals game for the Vikings on Thursday

Grayling High School's junior varsity football team defeated the Boyne City Ramblers 24-14 at Boyne City last Thursday. "Our defense played their best game of the year," Coach Chris Kucharek said. "They were put in some bad situations while our offense struggled. Josh Stapleton, Mike Davis, Dustin Russo, Adam Gabriel, Tory Myers, Isaac VanNuck, and Ryan Foguth all played out-

standing games on defense. These kids took on a personal challenge and decided to play better than they did last week."

On Thursday night, Boyne City struck first with a 3-yard touchdown run. Grayling responded with a TD drive capped by a 26-yard touchdown run by Ryan Cooper. Cooper scored the two-point conversion, and GHS led 8-6.

Halfway through the second quarter, Boyne scored again on a 10-yard run and completed the two-point conversion to lead 14-8.

The score remained locked at

14-8 until halfway through the fourth quarter. Cooper broke three tackles on an 85-yard touchdown run to tie the game. The Vikings went back to Cooper on the conversion attempt for two points. GHS led 16-14.

On defense, Cooper stripped the ball from Boyne City and Russo recovered the ball for Grayling. On the recovery, Russo ran the ball back 60 yards for a touchdown. Adam Gabriel scored the two-point conversion, leading to a final score of Grayling 24, Boyne City 14.

"This was a great come from behind win," Coach Ron Wyman said.

Grayling finished the game with 237 yards of offense, with 225 of those yards coming on the ground. Boyne City finished with 211 yards - 158 rushing and 53 through the air.

The victory improved Grayling's season record to 4-3.

The Vikings play at Charlevoix on Thursday, October 13.

On Thursday, October 20, Grayling will finish its 2005 season with a home game vs. East Jordan at 6 p.m.

JV Vikings fall to Elks 39-36

The GHS junior varsity girls basketball team lost to the Elk Rapids by three points, 39-36, in last Thursday's game at Elk Rapids High School.

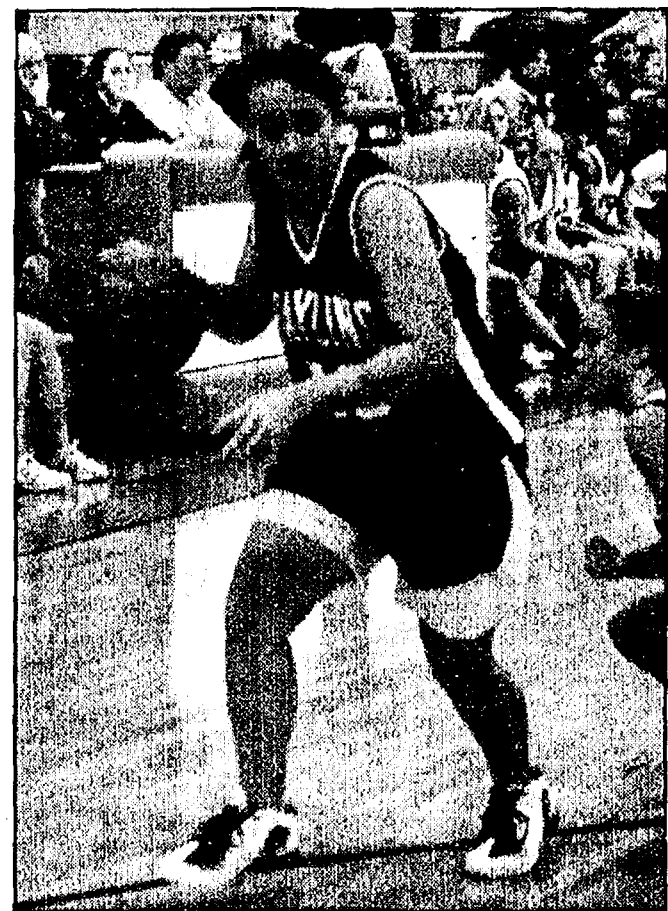

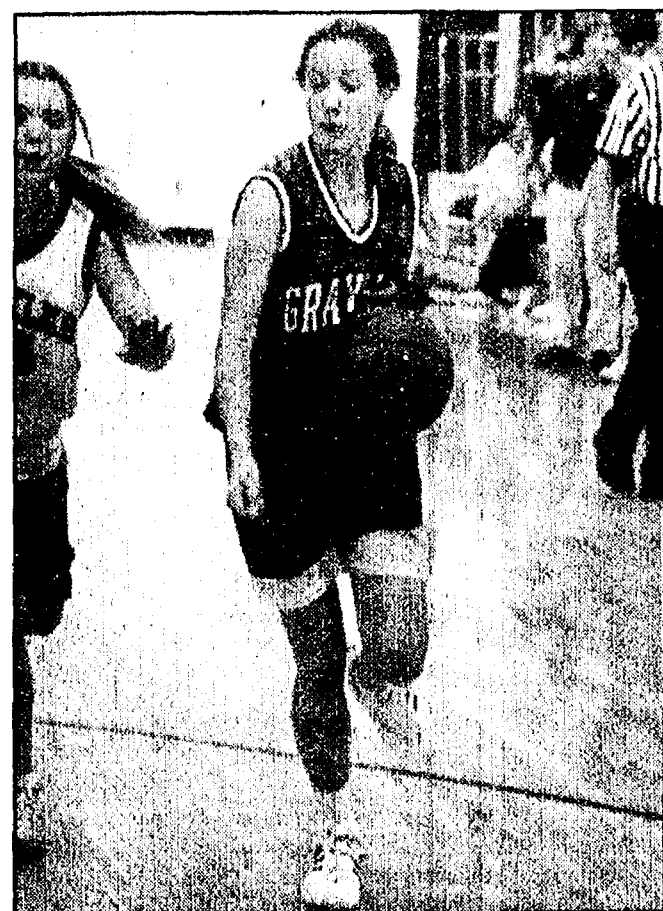

The Vikings led 21-12 at halftime, but the Elks outscored Grayling 20-6 in the third period to lead 32-27 going into the fourth quarter. Grayling edged Elk Rapids 9-7 in the final eight minutes of play, but came up three points short.

"Shooting percentage and turnovers," Coach Jimmy Parker said. "We need to be more disciplined."

"We've run into some great teams - Traverse City St. Francis, Charlevoix, East Jordan. We have some girls that are going to have to step it up during the second half of the season if we want to be winners," Coach Parker said.

"Tiffany Davis has really been a bright spot for us the last few games, with her defense and hustle up and down the court," Coach Parker said.

The Vikings play at Kalkaska on Thursday, October 13. On Tuesday, October 18, Grayling will host Traverse City St. Francis.

Gabby Calkins (left) and Alyssa Lewis (right) handle the ball for the Vikings at Elk Rapids on Thursday night.

The Vikings line up for a play on offense in last Friday's game against the Boyne City Ramblers.

Vikings fall to Boyne 35-19

Continued from Page 1B

Boyne City covered Grayling's on-side kick. On 3rd and 5, the Ramblers pitched the ball, then passed for a gain of 48 yards, bringing up 1st and goal at the 5-yard line. Grayling's defense rallied for a stop, and completed the goal line stand with a defensive stop in the end zone by Reagan Schmidt on a Boyne City pass attempt on 4th and goal at the 8-yard line.

On the first play of Grayling's resulting series, Joey Bancroft broke free for a 48-yard run. A pass to Parkinson and a five-yard face mask penalty on Boyne City on the play brought up 1st and 10 at the 28-yard line. A personal foul penalty on Boyne City on 3rd and 10 resulted in a first down for GHS at the 11-yard line. On the next play, the Vikings fumbled and the Ramblers recovered.

Boyne City drove 88 yards on 12 plays — 11 of them runs — and finished the series with a 19-yard touchdown pass on 3rd and 14. The extra point kick missed.

After the kick-off, Grayling started at its own 22-yard line. On first down, Grayling handed the ball to Joey Bancroft, who handed it to Bobby Starks on a reverse. Starks threw deep to VanNuck, who caught the ball and evaded several defenders on his way to the end zone. Grayling's extra point kick missed. With the touchdown by VanNuck, the score was tied at 13-13.

The Ramblers ran three plays and punted.

The Vikings moved from their own 25 to the 44 with a run by Joey Bancroft. Passes to VanNuck and Zac Baker each picked up five yards for another first down. Jeff Bancroft completed a deep pass to Parkinson, but a block in the back penalty nullified the play. The series ended with a punt.

A good punt by Bobby Feutz pinned Boyne City deep in its own territory. Five plays later, the half ended with the score locked at 13-13.

On the third play of the second half, Boyne City fumbled and

Grayling recovered the ball. The Vikings punted after three plays.

Another good punt by Feutz, coupled with a holding penalty on Boyne City, put the Ramblers at their own 4-yard line. A run on first down picked up 11 yards. On 2nd and 8, Boyne City completed a pass and got a big gain after the catch. The play moved the Ramblers 61 yards. Three plays later, on 4th and 5, a Rambler receiver made a one-handed catch near the goal line for a first down. On 1st and goal at the 1-yard line, Boyne City scored on a plunge up the middle. Joey Bancroft tackled the Boyne City runner short of the end zone on the conversion attempt. BC led 19-13.

Grayling ran three plays and punted. The Ramblers finished a 13-play, 53-yard drive with a 13-yard touchdown pass on 4th and 9. With two points on the conversion attempt, Boyne City led 27-13.

Grayling's next drive ended with an interception on 1st and 10. The Ramblers punted the ball back after three plays.

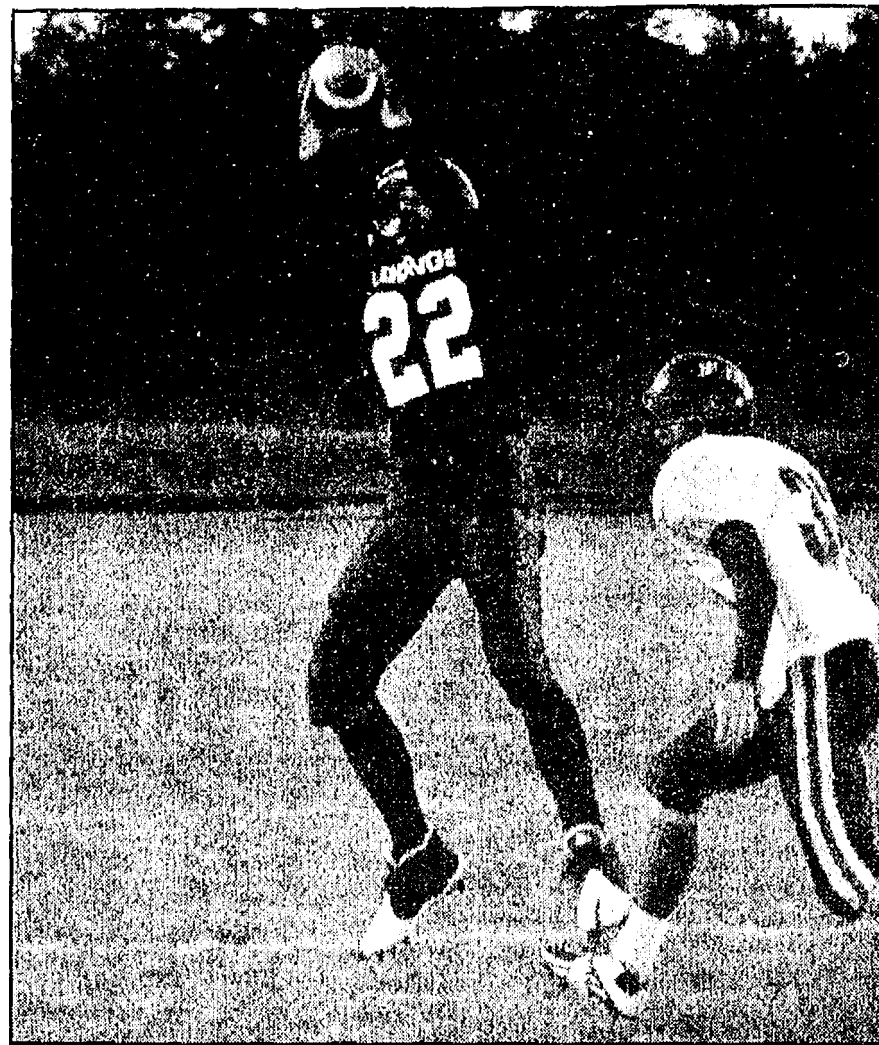

The Vikings started at their own 13-yard line. Passes to Joey Bancroft and Parkinson picked up a first down. On 4th and 15, an incomplete pass ended the series on downs.

Boyne City started at Grayling's 26-yard line. A run on first down gained 10. On 3rd and 11, the Ramblers scored on a 17-yard touchdown pass. With the two-point conversion, Boyne City led 35-13.

After the kick-off, Grayling started at its own 23. A pass to VanNuck on first down gained 11. Joey Bancroft ran for 11 yards on the next play. Passes to Baker and Parkinson resulted in another first down. Two runs by quarterback Jeff Bancroft gained 27 yards. A pass to Joey Bancroft picked up six more yards. On 2nd and 4 from the 4-yard line, Jeff Bancroft passed to VanNuck for a touchdown. The two-point conversion try failed.

Grayling's defense held Boyne City to three plays and a punt.

The Vikings gained 11 yards on first down on a pass to Joey

Eli VanNuck catches a ball on Friday night in the game vs. Boyne City.

Bancroft. Three plays later, on 4th and 10, a scramble by Jeff Bancroft came up just short of the first down marker.

Boyne City killed the final two minutes of the game and won the contest 35-19.

Jeff Bancroft finished the night at 20 for 37 for 248 yards and one touchdown with six rushes for 38 yards. Joey Bancroft carried the ball nine times for 93 yards and had three catches for 24 yards. VanNuck caught eight passes for 139 yards and two touchdowns. Parkinson had six catches for 64 yards.

On defense, leading tacklers for Grayling were: Matt Larson (12), Jeff Bancroft (13), Andrew Woolsey (6), Feutz (6), Zach Dean (6), Parkinson (6), and Starks (6).

"This was not a game to be proud of," Coach Ben Brock said. "We did not convert on offense and we did not stay disciplined on defense. We were tied at halftime and when we came out in the third quarter Boyne City outplayed us. Within a three-minute span we got down by three touchdowns. We did not

battle back like we should have. It's all about effort. We did not act like we wanted to win this game."

"When a team converts on third down over and over again on the same play it gets pretty disheartening. It looked like we did not prepare for what they were running. That is flat out embarrassing," Coach Brock said.

"We have two games left and can still make the playoffs. This school has never made it to the playoffs three consecutive years. That is our goal and we will do our best to make sure that it happens. Our leaders will come through and we will learn from our mistakes. The character of this team will come through on Friday night against Charlevoix," Coach Brock said.

The Vikings (4-3) have two regular season games remaining, and they need to win both to guarantee a playoff berth. On Friday, October 14, the Vikings will host Charlevoix at 7 p.m. On Friday, October 21, Grayling will finish its 2005 regular season with a game at East Jordan.

MOM'S FUNERAL WAS MEANINGFUL TO US, WHICH WAS JUST WHAT SHE WANTED.

"From her favorite songs to her special prayers and the priest whom she respected, Mom's funeral was an important way for our family to share just how wonderful she was. It was a meaningful tribute that celebrated her life and the things she loved. Arranging many of the details ahead

of time with Mom and our funeral director helped make sure of that. When Mom died, the funeral director took care of everything, providing us with comfort and peace of mind. Together, we created a meaningful funeral that was just the way Mom wanted it."

Contact your local NIFA member, who knows the value of creating a meaningful funeral service.

Varsity Girls Tennis
Coach: Brian Banda
TIFFANY SHINEE

"Tiffany continues to be our most consistent player. She helped lead the lady Vikes to two wins against Petoskey and Boyne City," her coach said.

Heads Up North

Viking of the Week

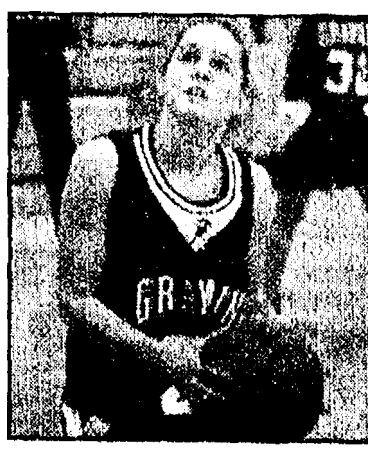

Varsity Football
Coach: Ben Brock
ELI VANNUCK

Eli had 8 catches for 139 yards and 2 touchdowns on Friday vs. Boyne City. "Eli has been a playmaker for us and now has 40 receptions for 933 yards and 8 touchdowns. His hard work has made him the player that he is today. Bottom line, he's the best receiver ever to come out of Grayling," his coach said.

Viking of the Week

Girls Basketball
Coach: L.J. Mead
AMANDA LUTZ

Amanda was selected "for doing the little things that don't always get noticed. Amanda is a solid leader and communicator on the floor. Amanda is a hard worker and she is always one of the first kids at practice," her coach said.

Michelle McGuire drives to the basket for Grayling in last week's game at Elk Rapids.

Andrea Southard shoots for the Vikings on Thursday night vs. Elk Rapids.

Girls basketball team wins at Elk Rapids 52-45

Continued from Page 1B

A free throw by the Elks pulled the home team to within five. With time winding down, the Elks had to foul to stop the clock. Petersen hit one of two at the free throw line on a one and one chance. Grayling got the ball back and the Elks fouled Baynham, who also hit the first free throw of a one and one opportunity.

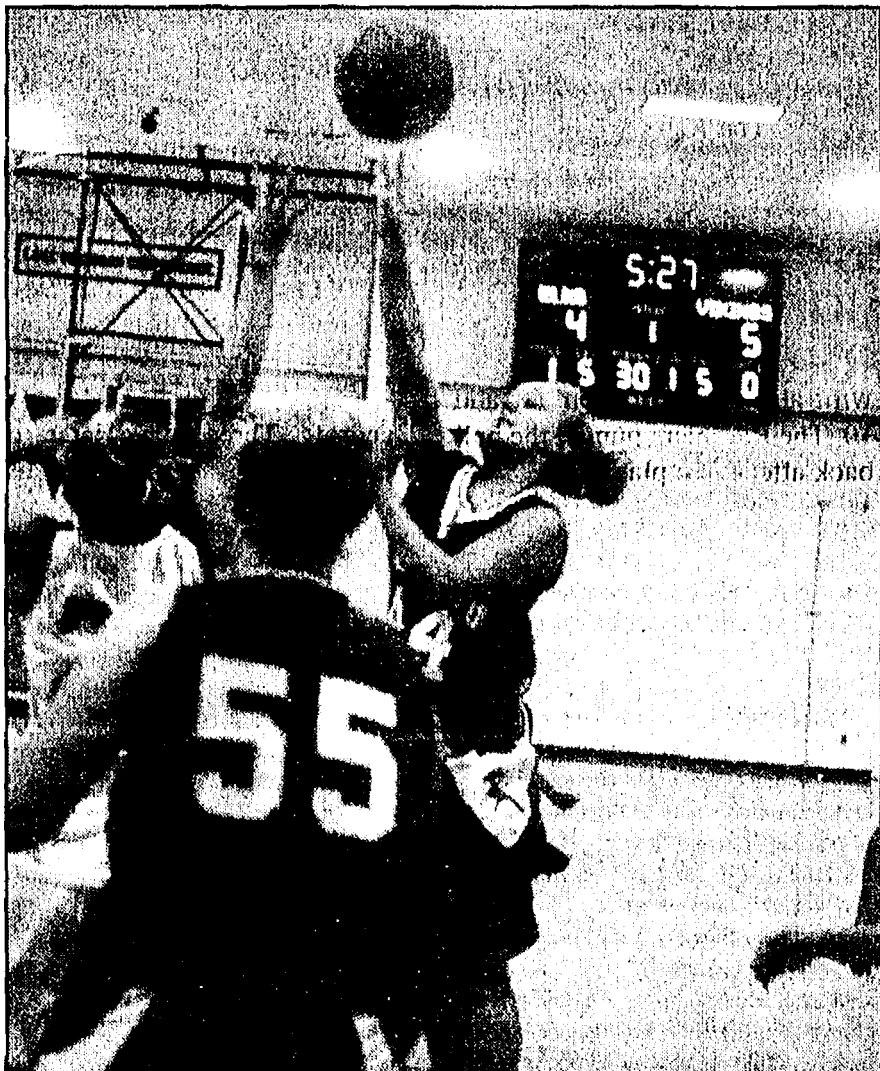

Petersen stole the ball and Elk Rapids fouled. With 21 seconds left in the game, Petersen hit both free throw shots to give Grayling a 52-43 lead. The Elks scored the last basket of the contest, but Grayling won by a final score of 52-45.

Petersen finished the game with 20 points, 2 blocks, 2 assists, and 5 steals. McGuire had 10 points, 5 rebounds, and 2 assists; Baynham had 9 points, 7 rebounds, 2 assists, and 2 steals; Ashley Bindschatel had 4 points, 2 rebounds, and 2 blocks; Laura Boylan had 4 points and 6 rebounds; and Andrea Southard had 2 points and 6 rebounds.

"We needed to get this win," Coach L.J. Mead said. "I am proud of the way our girls bounced back from the East Jordan game. We played through a lot of adversity tonight. Elk Rapids made runs at us, but we never backed down. We kept battling."

On Tuesday, the Vikings lost at East Jordan 54-34.

"Our shots didn't want to fall tonight and the ball did not bounce our way," Coach Mead said. "Our girls did not play with any energy or emotion and we needed that to overcome the poor shooting."

Katie Baynham takes a shot for Grayling in the game against the Elks last Thursday.

McGuire had 15 points, 4 rebounds, 2 steals, and 2 assists; Baynham had 6 points, 10 rebounds, 2 assists, and 6 steals; Bindschatel had 4 rebounds and 2 steals; Monica Peters had 5 rebounds; Abby Wheeler had 4 rebounds; Laura Boylan had 2 points and 3 rebounds; Petersen had 4 points and 2 assists; and Monica Leslie had 1 point, 5 rebounds, and 1 steal.

The Vikings (4-6 overall, 2-4 league) will play at Kalkaska on Thursday, October 13. Grayling will host Traverse City St. Francis on Tuesday, October 18.

of the records listed or fill in some of the blanks we have, they can contact (me) at Grayling High School."

"The records are examples of some outstanding accomplishments by Grayling football players, and

hopefully will bring back some good memories for those athletes that set the records, the teammates that helped accomplish them, and the family and friends that supported them," Pummell said.

The record board is attached to the side of the Viking Hut (concession stand) just inside the gate.

MORTGAGE SALE - Default has been made in the conditions of a mortgage made by Dean Worden, a single man, as his sole and separate property, original mortgagor(s), to Mortgage Electronic Registration Systems, Inc., as nominee for lender, Mortgagee, dated January 5, 2005, and recorded on January 6, 2005 in Liber 673 on Page 224, in Crawford county records, Michigan, on which mortgage there is claimed to be due at the date hereof the sum of Fifty-Seven Thousand Nine Hundred Eighty-Five And 16/100 Dollars (\$57,985.16), including interest at 8.125% per annum.

Under the power of sale contained in said mortgage and the statute in such case made and provided, notice is hereby given that said mortgage will be foreclosed by a sale of the mortgaged premises, or some part of them, at public venue, at the Front door of the County building in Grayling at 10:00 AM, on October 26, 2005.

Said premises are situated in City of Grayling, Crawford County, Michigan, and are described as: BEING PARTS OF LOTS 17, 18 AND 19, OF BLOCK 8 OF THE FIFTH ADDITION TO PORTAGE LAKE PARK, LYING SOUTHWESTERLY OF HIGHWAY M-72 AND ALSO A PART OF BLOCK 9 OF THE FIFTH ADDITION TO PORTAGE LAKE PARK DESCRIBED AS: BEING ALL THAT PART OF EVERGREEN STREET LYING BETWEEN BLOCKS 8 AND 9 AND WEST OF THE SOUTHERLY RIGHT OF WAY BOUNDARY OF M-7 TO THE WESTERLY LINE OF ADJOINING LOT 17 IN BLOCK 8, IF EXTENDED SOUTH ACROSS EVERGREEN STREET TO THE NORTHERN BOUNDARY OF BLOCK 9, ALSO LOTS 30 THROUGH 34 INCLUSIVE OF BLOCK 9, FIFTH ADDITION TO PORTAGE LAKE PARK, ACCORDING TO THE PLAT THEREOF AS RECORDED IN LIBER 1 OF PLATS, PAGE 24, CRAWFORD COUNTY RECORDS. ALL IN SECTION 9, TOWN 25 NORTH, RANGE 4 WEST

The redemption period shall be 6 months from the date of such sale, unless determined abandoned in accordance with MCLA 600.3241a, in which case the redemption period shall be 30 days from the date of such sale.

Dated: September 22, 2005

MICHIGAN DEPARTMENT OF NATURAL RESOURCES STATE NATURAL RIVER ZONING REVIEW BOARD UPPER MANISTEE RIVER NOTICE OF VARIANCE APPLICATION

Notice is hereby given that four applications for variance have been received by the Zoning Administrator and will be considered by the Zoning Review Board.

Applicant Name: Jeff and Teresa Votzke, UM05-42V
Property Address: 11633 West County Road 612, Section 31, Frederic Twp, Crawford Co
Proposed Action: The applicants are requesting a variance from the following standards to construct a new house, driveway, septic system and water supply well.

For the house:

1. A 36-foot reduction in the building setback standard of 100 feet to construct a single family dwelling with wrap-around deck. The closest point of new construction is 64 feet from the edge of the Manistee River.
2. A 26-foot reduction in the 50-foot setback from the crest of a bluff. The closest point of new construction will be 24 feet from the crest of the bluff.
3. A variance to construct within the required 75-foot native vegetation buffer.

For the driveway:

1. A 10-foot reduction in the building setback standard of 100 feet to construct a driveway. The closest point of new construction is 90-feet from the edge of the Manistee River.

For the water supply well:

1. A 10-foot reduction in the water supply well setback standard of 75 feet to install a well. The well will be located 65 feet from the edge of the Manistee River.

The proposed septic tank/drain field system will meet the setback standard of 100 feet from the river.

Applicant Name: Wayne Cattannach, UM05-44V
Property Address: 2484 Serenity Pines Court, Section 20, Frederic Twp, Crawford Co
Proposed Action: The applicant is requesting a variance to construct a footbridge over a braided channel of the Manistee River mainstream on an easement he holds that allows him to access the river's edge. Several logs spanning the channel supported by larger logs at the river's edge are currently in place at the location of the proposed bridge. The applicant requires a variance to the standard requiring 5 feet of clearance from the water to the bottom of the bridge (he is proposing 16 inches of clearance). The board will determine whether he also requires a land use variance to construct the bridge.

Applicant Name: Sandra Gunning, UM05-46V
Property Address: 9906 Dutch John Road, Section 12, Garfield Twp, Kalkaska Co
Proposed Action: The applicant is requesting a variance from the following standards to construct an addition to an existing cabin, an open porch and a new roof over the entire structure:

1. A 61-foot reduction in the building setback standard of 100 feet to construct an open porch. The closest point of new construction will be 39 feet from the Manistee River. The house addition will result in a 42-foot reduction in the 100-foot building setback standard, with the addition being 58 feet from the river's edge.
2. A 27-foot reduction in the bluff setback standard of 50 feet from the crest of a bluff to construct the porch. The closest point of new construction will be approximately 23 feet from the crest of the bluff. The house addition will result in an 8-foot reduction in the 50-foot bluff setback, with the addition being 42 feet from the bluff edge.
3. A variance to construct within the 75-foot Native Vegetation Buffer.
4. A variance to expand a legal non-conforming dwelling. The existing house contains 989 square feet of enclosed ground floor living area. The proposed addition will add 204 square feet resulting in a total of 1193 square feet of enclosed ground floor living area, an increase of 21%. The standard for expansions of non-conforming dwellings is a maximum 50% increase in the enclosed ground floor living area ("footprint").

Applicant Name: William and Mary Kay Archer, UM05-49V
Property Address: 13673 Spring Creek Road, Section 34, Springfield Twp, Kalkaska Co
Proposed Action: The applicants are requesting a variance from the following standards to move a partially completed house that was started with receiving a Natural River Zoning Permit from its current location 45 feet from the Manistee River to a location 70-feet from the Manistee River.

1. A 30-foot reduction in the building setback standard of 100 feet to construct a 1721 square foot dwelling. The closest point of new construction will be 70 feet from the edge of the Manistee River.
2. A variance to construct within the 75-foot Native Vegetation Buffer.
3. A variance to construct a new dwelling to replace a dwelling that is willfully destroyed by the property owner. If a structure is destroyed by the property owner, any replacement structure must meet the minimum required building setback. If a variance is granted for a replacement dwelling, the dwelling shall not occupy more than 150% of the enclosed ground floor area of the original dwelling. The proposed new dwelling occupies 136% of the enclosed ground floor area of the original dwelling.

A public hearing on the variance applications will be held on:

Date: October 26, 2005
Time: 6:00 p.m.
Location: Bear Lake Township Hall, 198 East Bear Lake Road NE, Kalkaska, Michigan

Verbal comments on the applications may be voiced at the hearing. If you would like to comment on the applications, but are unable to attend the hearing, written comments received in the office of the Zoning Administrator on or before October 25, 2005 will be made a part of the hearing record.

Send written comments to: Dan Pearson, Northern Michigan Rivers Administrator
1732 West M-32, Gaylord, MI 49735

GRAYLING TWP. PLANNING COMMISSION TO HOLD PUBLIC HEARING

The Grayling Township Planning Commission will meet in public session on Tuesday, October 25, 2005, at 7:00 p.m. at the Grayling Township Hall to consider the following request:

Case No. 05-4SD
Petitioner: Minard & Paula Harwood
796 Kent Place
Grayling, MI 49738
Prop. ID #: 040-45-440-00-003-00
Location: Same
Zoning: NRD

A request to split 1.37 acres from a 4.03 acre lot located at 796 Kent Place. Zoned Natural River District and Recreational Forest. The new parcel will lie entirely in the R-F District.

Text of zoning request and zoning maps are available for review at the Grayling Township Hall, located at 2090 Viking Way, Grayling, MI 49738, during normal business hours.

Persons wishing to, may comment in person at the hearing, or send a signed statement to: Terry Wright, Zoning Administrator, P.O. Box 521; Grayling, MI 49738.

Crawford County Board of Commissioners meeting minutes are now available on the county website: www.crawfordco.org eight days following the scheduled board meeting or may be obtained at the County Clerk's office for six (6) cents per page.

FEATURES

A LOOK AT OUR PAST FROM THE PAGES OF THE AVALANCHE

Oct. 15, 1959 - Commissaire Intendant Jack Rasmussen, (right) presents the Voiture's first Nurses Training Scholarship to Miss Ann Marie Stampfly (left) of Grayling while smiling Chef DeGare Dick Rasmussen (left rear) and Nurses Training Chairman Alfred Hanson (right rear) looks on. Miss Stampfly, a graduate of Grayling High, entered the Ford Hospital nurses training school in Detroit on Sept. 12.

23 Years Ago
October 14, 1982

The Board of Commissioners reduced the county millage rate by .2 mills, saving the county property owners a total of \$31,536 on their 1982 taxes.

In 1882, Indian guide Chief David Shoppenagon led sportsmen through the wilds of Northern Lower Michigan trapping, hunting and fishing. A century later, the Grayling hotel named after Shoppenagon is again leading the way - blazing a new trail by becoming the first downtown business in Northern Michigan to install a windmill.

The Chief Shoppenagon Motor Hotel erected a 120 foot windmill expected to supply as much as one - third of all their electricity needs.

Thanks to the Grayling Youth Boosters, the lodge at the Hanson Park will have a new roof this fall. Booster Club President Larkin Baker presented Park Manager Howard Taylor with a check for \$2,500. The money will be used to purchase supplies needed to reroof the lodge.

A last minute drive by the Grayling football team was stopped with a quarterback sack on the fourth down as the Vikings

wound up on the short end of a 13-6 score with Gaylord.

Thirty - four runners tackled Hanson Hills in the first annual 10K Challenge with cross - country high school runner Dale Lapham, from Sault Ste. Marie taking first overall.

The Grayling Industrial Park has received the State of Michigan's certified Industrial Park (CIP) status for another three years. The CIP program is a joint venture by the Michigan Department of Commerce and the Michigan Industrial Developers Association (MIDA) to establish a set of minimum standards to help industry evaluate new plant sites.

46 Years Ago
October 15, 1959

The most thrilling sound of racing sport cars will be heard at the Grayling McNamara Air Base when over 100 of the newest sport cars from Wisconsin, Ohio, Illinois, Indiana as well as Michigan.

Nearly twice as many Michigan counties will receive snow removal funds this year compared to a year ago. Crawford County had 103.56 inches and will receive \$11,938.23 in snow removal funds.

The Ellsworth Lancers football team blasted the Frederic Eagles 54 to 0 at the Grayling Memorial Recreation Area.

McEvers Motor Sales advertised a brand new 1959 GMC Fleetline 1/2 ton pickup, for only \$1,695.

The Underground Forest, just north of Frederic on US-27, has a new double garage under construction as well as a workshop.

Dr. Ralph Hoffman has a brand new building under construction on Michigan Ave. near the city park for his new office.

Mr. and Mrs. William Mosher received word from General Electric that they are the winners of a two week vacation to Puerto Rico. The trip is the first prize for sales in this area.

69 Years Ago
October 15, 1936

The fire department was called to Mercy Hospital, when it was discovered a chimney was burning out. No damage was reported.

Mrs. Charles Corwin is proud of having won second prize at the Michigan State Fair having entered a can of string beans. Along with this the Kerr canning company sent her a dozen fruit jars, as she had used Kerr jars for her canning.

92 Years Ago
October 16, 1913

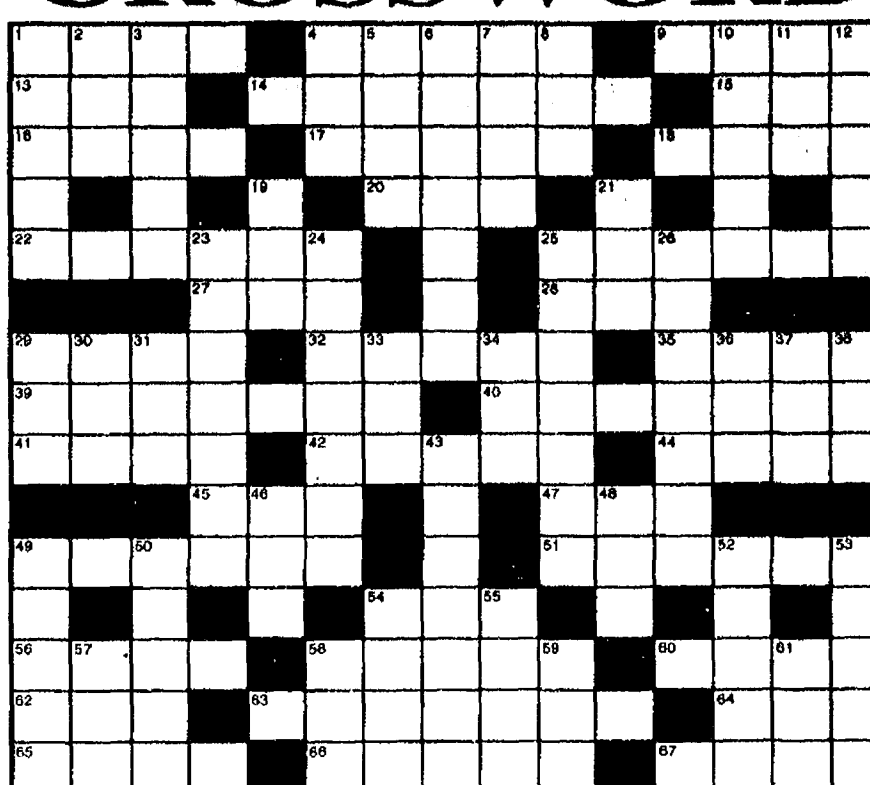

James Knibbs, highway commissioner of Maple Forest Township, started work on the new road that is to run from the Sherman school house and one mile east.

An "All-city" football team was organized and Frank Sales of Brinks grocery is the captain.

Dr. S. N. Insley had the misfortune to dislocate his wrist, when in the act of cranking his car in front of the Lewis drug store.

Ed Clark, a former bandmaster of the Grayling band, has returned and will once more directate to our band.

HOROSCOPES

For the Week of October 13, 2005

Ugh Capricorn, what would life be without problems? Keep that in mind as you are hit with a slew of issues at home and work. Tackle one at a time.

December 22-January 19

A relative toys with your emotions. Put a stop to it right away. You can't afford to fall apart with a deadline encroaching at work.

March 21-April 19

Scores of opportunities surround you. Be careful what you choose. You could have a lot at stake. Mementos remind you of an upcoming event.

June 22-July 22

Oops, Libra. An old friend accidentally shortchanges you. Be forgiving and give them a second chance. A coworker confides in you.

September 23-October 22

Challenges are headed your way. Don't take on more than you can handle. A friend gets the ball rolling on a matter close to your heart.

January 20-February 18

The pace slows on a home improvement project as you get bogged down with the details. Take a break for a few days and then kick it up a notch.

April 20-May 20

The plot thickens at work. Take a supporting role and let someone else be in the spotlight. A letter gets your creative juices flowing.

July 23-August 22

Luck pays you a visit and you receive a tidy sum. Splurge a little and buy yourself something you've always wanted. A friend returns a favor.

October 23-November 21

Uh-oh, Pisces. A young relative makes a bad decision. Bite your tongue and let them learn the hard way. A business venture takes off.

February 19-March 20

Indecision on your part lands you in hot water. Make amends and vow to be more proactive from now on. A fun activity boosts your morale.

May 21-June 21

A friend receives some much-needed relief. Take them out to celebrate. An organization seeks your help. Hop onboard!

August 23-September 22

Oh Sagittarius, how do you do it? You continue to excel at work, opening up a door of opportunity. Seize it and hold on tight. The love of your life makes a surprising move.

November 22-December 21

Kids Read All About It

The Newspaper. Once called "the school-master of the people," today's newspaper is one of the many forms of information and entertainment. But as an educational tool, the newspaper still stands alone. Children can learn from the article in front of them, and from the relation of that article to others in the same paper. The newspaper is a window on the world, composed of many pages. Encourage your children to see the whole picture - in the newspaper.
